

Forrestal To Stay As Secretary Of Defense

Shows Truman Global Policy Is Unchanged

Washington, Jan. 11—(AP)—Secretary of Defense Forrestal, one of the foremost backers of the "tough" policy toward Russia, said today he expects to remain at his post in President Truman's cabinet. He did not say how long.

Forrestal's disclosure to newsmen followed a conference with Mr. Truman at the White House.

Reports have been widely current that his departure from the cabinet was imminent, but today he said he does not expect Mr. Truman to accept his "resignation" which he will submit before inauguration day, Jan. 20.

Traditionally, all cabinet members offer their resignations to a newly-elected president, so that he can start with a new slate, if he desires, and to spare him any embarrassment in cabinet shakeups.

Forrestal's remarks did not foreclose the possibility that he might leave the Washington scene later, possibly in the spring.

But the development did add another to the multiplying signs that Mr. Truman plans no about-face in policy toward Russia.

The President, emphatically denied last week that he was engaged in a fight with Forrestal and others in his cabinet to soften the U.S. attitude toward the Soviets.

The purported cabinet row was described in a life magazine article by Jay Franklin, newspaper columnist, Franklin linked Forrestal and the retiring undersecretary of state Robert A. Lovett with U.S. oil and munitions interests which he said have a "vested interest" in pursuing the cold war.

Forrestal is a former president of the big banking firm of Dillon, Read and Company.

Mr. Truman told his news conference on Jan. 7 that Franklin's article lacked foundation in fact in nearly every instance and paragraph. Moreover, the President said, there is no change in this country's foreign policy.

Widespread conjecture about Forrestal's political future arose during the heat of the election last fall.

At that time, it was noted that Forrestal kept strictly out of the campaign picture, and, unlike some other cabinet officers and top administration officials, made no stumping tour on behalf of Mr. Truman.

However, Forrestal's friends staunchly defended his loyalty, declaring it was in accord with Mr. Truman's own views that the secretaries of state and defense should stay out of the campaign.

As civilian defense boss, Forrestal will guide the 15-billion-dollar military spending program which President Truman submitted to congress yesterday, including the hotly controversial matter of air defense.

Congressional opposition to Mr. Truman's proposal for junking the 70-group air force idea appeared to be quickening today. Some Republican and Democratic leaders, in both Senate and House, were openly critical and demanded an air force second to none.

Mr. Truman proposed 48 groups, saying the number and quality of planes were more important than the number of groups. But many members of congress looked upon the Truman program as a serious weakening of planned aerial strength.

In talking with reporters today Forrestal also disclosed that he conferred with the president about proposed changes in the security act. He said Mr. Truman will deal with that subject in a message to congress "in the next two or three weeks."

At the same time Senator Bridges (R-NH), appropriations chairman, who the Republicans controlled congress, described the Truman budget as "a wage cut for every American worker."

"Before we indulge in higher costs and higher taxes," Bridges went on in a statement, "we should study sound cuts in government spending."

Bridges said some social services are a proper function of government. At the same time he declared the president "cannot buy social progress overnight in one staggering budget that represents the initial purchase, not the upkeep, of such a program."

AFL Seeks Aid In Fight Against New Labor Bill

Washington, Jan. 11—(AP)—AFL leaders sought today to rally congressional support for their fight against a "one-package" labor bill which would repeal the Taft-Hartley law and restore the new deal Wagner act in amended form.

Organized labor wants Taft-Hartley repealed, to be sure, but union spokesmen maintain that the changes should be made in stages with the 1947 Taft-Hartley law wiped out the books first. Since the Taft-Hartley law was an amendment to the Wagner act, that action would restore the latter measure to its original form. Congress then could proceed to consider changes in it.

President Truman has asked changes which would ban jurisdictional strikes (growing out of quarrels between unions over the right to do certain work). He also has asked power to deal with strikes that would endanger the national welfare.

AFL officials plan to lay their case tomorrow before Chairman Thomas (D-Utah) of the Senate Labor committee. Last week Thomas introduced a bill to repeal all but one section of the Taft-Hartley law and thus restore the 1935 Wagner act virtually intact.

This move generally was in accord with both the AFL and CIO program.

Thomas said today, however, that he thinks "any labor bill passed will be something like a one package bill."

The measure, approved 10 to 1 in the committee, also carries hefty pay hikes for the vice president, cabinet members and other top government officials.

Chairman Johnston (D-SC) of the civil service committee told reporters he sees "no reason why the bill should not pass Thursday in the Senate."

In addition to raising the president's salary from \$75,000 to \$100,000 a year, the bill would give him a tax-free expense allowance of \$50,000. This would be in addition to the \$40,000 he now receives for travel expenses and White House maintenance.

The salaries of the vice president and speaker of the House would be boosted from \$20,000 to \$30,000, and each would get \$10,000 tax-free expense money. The speaker gets a \$2,500 expense fund now. None is provided the vice president.

The measure, approved 10 to 1 in the committee, also carries hefty pay hikes for the vice president, cabinet members and other top government officials.

Lovett Says Soviets Would Go To War To Attain Ends

Washington, Jan. 11—(AP)—Undersecretary of State Robert A. Lovett was quoted as saying today that Soviet leaders would go to war whenever they felt they could win.

Lovett, who has resigned effective January 20, reported on the general world situation to the Senate foreign relations committee. Members quoted him as stressing that Premier Stalin dominates the 14-man politburo which determines Russian actions at home and abroad.

Further, they said Lovett expressed the belief that the politburo will take any course necessary to retain power and perpetuate communism, including war. He said that this contrasts with this country's policy of doing all possible to avoid a resort to arms as a means of settling international difficulties.

The committee had called in Lovett for an up-to-date estimate of world conditions on which to base legislative plans looking toward settlement of problems barring the way to universal peace.

Lovett is to be succeeded as undersecretary by James E. Webb in the state department shift which will bring Dean Acheson in as replacement for alling Secretary Marshall.

Chairman Connally (D-Tex.) said the committee is willing to hear any reputable witness who asks to testify on the Acheson-Webb appointments. While there appears little opposition to Webb's shift from his present

budget bureau post, some Republicans have been critical of the Acheson appointment.

Sen. Vandenberg (R-Mich.), the chief GOP foreign policy spokesman, however is reported to have cautioned his colleagues against stirring up a fight which might lessen Acheson's effectiveness in future international negotiations.

One of the chief tasks which will confront Acheson, provided he is confirmed by the Senate, will be completion of negotiations for a North Atlantic defense alliance. Lovett has been supervising the month-long talks with representatives of Canada and the five-nation western European union.

Lovett was expected to give the foreign relations committee a full-in on the proposed pact since that group must pass on any such treaty. Latest word is that the agreement may be ready for Senate action by February 1.

As a winter playground, the Los Angeles area looked more like St. Moritz. Snow up to six inches deep covered several suburban communities. Four inches carpeted Pasadena's Colorado boulevard, where the tournament of roses floral parade was staged less than two weeks ago. The turf of the Rose Bowl was under six inches of snow.

Toy highways forced many Los Angeles night workers to make wide detours to reach their suburban homes. Snow-covered tree branches snapped under the weight. The temperature skidded to 14 degrees at Searsville Lake, near the Stanford University campus.

Freezing temperatures in the citrus belt brought new threat of damage to the frost-bitten fruit and vegetable crops. However, at Sacramento, R. E. Blair, state fruit and nut statistician, said on-the-spot:

In a recent test, a B-36 flew from Fort Worth, Tex., to Hawaii, dropped a bomb in the ocean, and returned to its Texas base on a non-stop 2,400-mile flight without refueling.

The Air Force, in paying the way for a reinforced assault force, announced it has cancelled orders for 240 other aircraft, including 115 North American F-93 jet fighters, a modification of the F-86 plane which holds the world's speed record of 670 m.p.h. with full armament.

Minority House Republicans brought in the bill to hand hard-up cities \$13,000,000 a year from the state utilities tax.

Gov. Adlai E. Stevenson, reporting for work at his statehouse office, told reporters he hasn't made up his mind on tax sharing plans for cities.

He said the utility tax proposal "appears to be one obvious method, but it also presents obvious difficulties."

Before offering anything definite, he intends to await the report of a legislative commission studying revenue problems. He expects the commission will also urge diversion of the utilities tax.

Several bills to liberalize old age pension payments and age limits were submitted by GOP House members. Later on the Democratic administration is expected to bring in its own plan for the old people.

Florida Highway Patrol Sgt. F. M. Thomas of the Ocala station was the first state patrolman on the scene. He said as nearly as he could see all cars of the 15-car train were off the rails and most of them overturned.

The accident raised the death toll on the Berlin airlift to 33—seven British and 26 Americans since the aerial supply of Soviet-blockaded Berlin began last June.

Cause of today's crash was not immediately learned.

The air force said the ceiling was 2,300 feet at the time and a light snow was falling.

No passengers were aboard the four-engine craft. Names of the three victims were withheld pending notification of kin.

HAS CHECK-UP Rochester, Minn., Jan. 11—(AP)—Queen Mother Nazli of Egypt, here for a checkup at the Mayo clinic, is expected to leave shortly. The checkup follows a kidney operation which she underwent during a visit to the clinic a year ago.

Tientsin Falls; Begin Evacuation Of Capital

So. Cal Gets Heaviest Snowfall In History

Winter draped a 1,000-mile long blanket of ice across the nation's midriff Tuesday and buried southern California under probably the worst snow cover in its history.

And to round out its screwy antics, it kept snowing the southeast sizzling in a "heat wave."

The ice sheath extended from western Oklahoma to eastern Illinois. In some areas it blacked out towns, snapped communications lines and forced school closings.

Highway travel was hazardous throughout the entire section.

As a winter playground, the Los Angeles area looked more like St. Moritz. Snow up to six inches deep covered several suburban communities. Four inches carpeted Pasadena's Colorado boulevard, where the tournament of roses floral parade was staged less than two weeks ago. The turf of the Rose Bowl was under six inches of snow.

Toy highways forced many Los Angeles night workers to make wide detours to reach their suburban homes. Snow-covered tree branches snapped under the weight. The temperature skidded to 14 degrees at Searsville Lake, near the Stanford University campus.

Say Half Of Officials Left Nanking

Nanking, Jan. 11—(AP)—Tientsin was written off a lost today in official quarters of this shaken capital, where little more than a shell of China's government remains.

Official sources said "Tientsin is gone." They then lapsed into silence as to details of the loss of this great northern city of modern buildings and factories.

Their words were taken to indicate the Communists either have occupied Tientsin or that terms have been arranged by which the city will be surrendered to the Reds.

Moosa reported only minor clashes around Peiping. He wrote that "everyone here still expects a political settlement."

The Communist radio, however, continued to belabor Gen. Fu Tso-Yi, the north China commander in Peiping. It accused him of "continuing to kill people, burn down whole villages and destroy state property."

The broadcast, heard by the Associated Press at San Francisco, asserted Fu "is carrying on these criminal activities at the same time as his 'peace' clamors, just as Chiang Kai-Shek is doing."

With the news from north China, and continued Red attacks on the northern approaches to Nanking, the exodus of officials, archives and equipment continued at a fast pace.

Red Refusal Counted The refusal of the Communists to answer President Chiang Kai-Shek's peace message favorably or to acknowledge other plans for negotiation was believed accelerating the departure of ministry personnel.

One official estimated that far more than half the government's official personnel has vanished. Most of the officials are heading for Formosa or Canton in south China. Others simply go back home.

Technically, all ministries remain, because the great seals for stamping all official documents are here. Actually, only the most important functions of government are continuing.

Move To Canton A reliable source said the ministry of health would be transferred en masse to Canton tomorrow.

The equipment for four government-owned factories, as well as key personnel, were loaded aboard a special steamship for transfer to Formosa.

In Shanghai, Maj. Gen. Claire L. Chennault said he still was ready to revive his famous wartime Flying Tigers, and thought they could be effective.

Chennault said in an interview he informed Chiang Kai-Shek that many of his former pilots had volunteered. He has received no reply.

Chennault, who operates an airline in China, said he did not regard the fighting as civil war but a "fight of communism against everything that isn't communist."

Hold Three Youths After Kidnapping Of School Girl Pooria, Ill., Jan. 11—(AP)—Three youths were held by Marshall county authorities today after the kidnapping of a 16-year-old high school girl at Lacon, 30 miles northeast of here.

SAMPLING VALUE RECOGNIZED

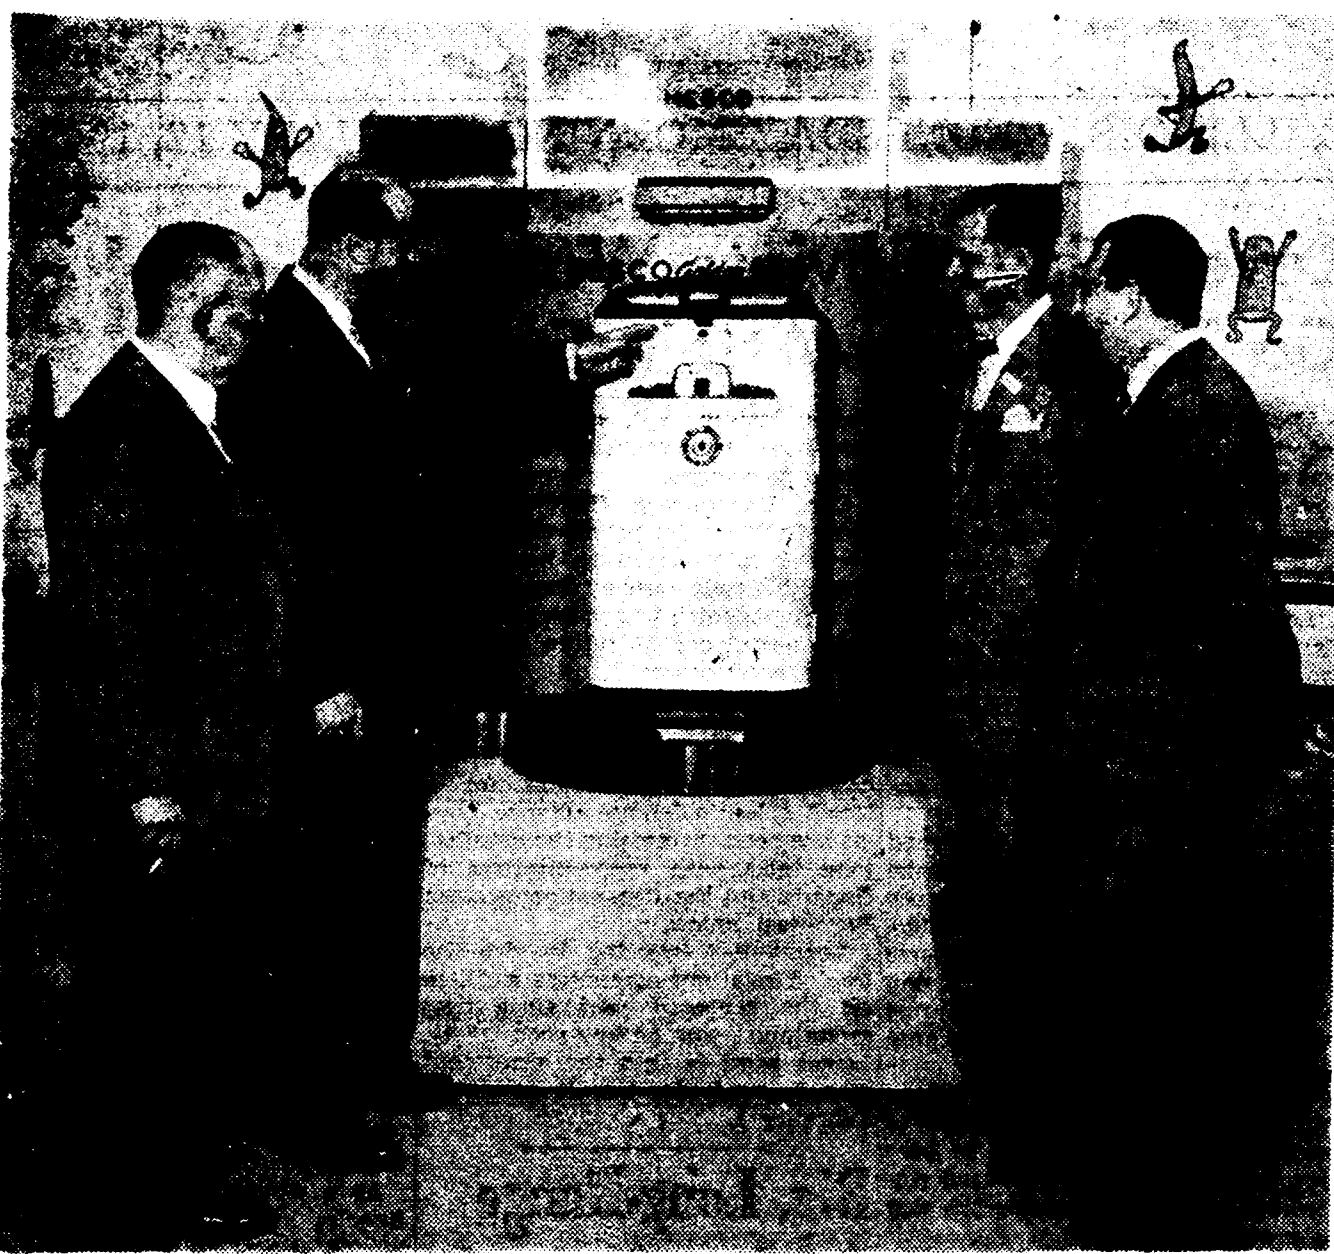

Sampling methods for determining public preferences and obtaining important information can still be useful in spite of the recent fiasco of the election polls, businessmen believe.

The business statistics committee of the U. S. Chamber of Commerce says it would be unfortunate if the fact-finding use of the sampling technique should suffer loss of public acceptance. It points out that the census of business by the U. S. Census Bureau will get under way this month and will rely in part on sampling.

These sampling procedures are not hampered by the possibilities of sudden shifts of opinion such as can occur in a political campaign and are not concerned with issues on which people may not wish to express their real views.

Political polls are handicapped, not only by the time factor but by the fact that voters are inclined to spoof the poll taker on matters of self-interest and willingness to make sacrifices. If political polls are to regain public prestige, they will have to develop speedier and more efficient sampling methods and use more intelligence in framing their questions. And they will have to register a success or two to offset the memory of the 1948 fiasco.

View New Line Of Nesco Products

Highlighting the two-day annual sales meeting of the electrical division of the National Enameling and Stamping company was a display of the new line of products for 1949. Pointing out the features of one of the new Nesco appliances is T. E. Fajen, sales manager, second from the left in the photo above. Others in the photo are (left to right) George Anderson, sales representative from Dallas, Tex.; William Steinmetz, Chicago; and Charles L. Martin, New York City. Representatives from 20 territories in all sections of the country, and Canada, were present for the two-day session, which got underway at 9:30 a. m. Monday in the Dunlap hotel. Banquet At Club Monday evening a banquet was held at the Jacksonville Country Club. Special guests were A. J. Kieckhefer, president; Emmett Gardner, vice president; James and Otto E. Heilmann, Jr., St. Louis, Mo.; D. S. Bagley, St. Paul, Minn.; Omaha, Neb.; Earl Goetze and George C. Mittaer and Jim Hull, Jack Goetze, Kansas City, Mo.; George E. Anderson, Carroll D. Williams, W. H. McAdams, Fred A. Pack, Fred T. Ealand, William H. Paschen, H. E. Fain, B. C. Coates and Fred C. Baldrige, Dallas, Tex.; James H. Blinn and William H. Wagoner, Denver, Colo.; Don Wheat and Pete Ellis, Seattle, Wash.; Cliff Russell, San Francisco, Calif.; Allan Moore, Los Angeles, Calif.; and Maurice I. Ensley, Toronto, Canada.

Several Injured In Car Accidents Near Carrollton

Carrollton—Carrollton and vicinity was the scene of a series of automobile accidents over the week end in which cars were damaged but their occupants escaped without serious injury.

The first accident occurred at the intersection of Maple Avenue and Route 67 Saturday evening when a car occupied by Mr. and Mrs. Joe Albrecht and one driven by L. Kuhnline, collided. Mrs. Albrecht was taken to the Boyd Memorial hospital suffering from shock and minor cuts and bruises. Both cars were damaged.

Three accidents took place Sunday evening during the rain when the Macoupin creek bridge became icy. Calvin O'Shea of this city driving a Ford struck the ice first and his car went out of control and hit the guard rail. Before it could be moved a car driven by a student of Illinois College, Jacksonville, struck it and both cars were damaged but the drivers escaped uninjured.

State patrolmen and Arthur Powell, county sheriff, put out flares and warnings concerning the condition of the bridge floor but again early Sunday morning William Robinson, a salesman for the Melrose Packing Company, lost control of his car on the ice and it went through the guard rail and over the embankment. He was brought to the Boyd Memorial hospital for treatment where his injuries were found not to be of a serious nature.

Early Sunday evening a car driven by Clement Hartwick struck a parked gasoline truck owned by Irwin Hutchens and parked in front of the Richard Giller home on North Main street. The Hartwick car was badly damaged and all the occupants, Mr. and Mrs. Hartwick and two children, received minor cuts and bruises. They were taken to the home of Dr. A. D. Wilson for treatment and

Hold Services For Evah E. Carpunky At Jerseyville

Jerseyville—Funeral services for Mrs. Evah Ethel Carpunky, wife of James Carpunky, of this city, were held Monday afternoon at Jacoby

Brothers Funeral Home. The Rev. Gerald Grotey, pastor of te Jerseyville Baptist church, officiated. Interment was in th Oak Grove cemetery.

Pallbearers were Elmer Green, Lester Hughes, Chester Green, Joseph Kramer, Wesley Carpunky and Lester Kramer.

Mrs. Carpunky died suddenly at her home in this city Saturday morning. She is survived by her husband, James Carpunky; one daughter, Mrs. Arthur Kramer; four brothers, William, Charles, and Rudolph Green of Jerseyville; Mrs. Elsie Cox of East Alton and Mrs. Rosa Cope of Bloomfield, Missouri.

IT PAYS TO ADVERTISE

JOLLY TIME POP CORN
See easy recipe on every can of Jolly Time. Try it today. Pop up big, tender, delicious. Perfectly no hulls! No other pop corn like Jolly Time. Ask your grocer for it now.

You'll be riding a Winner this winter!

LIGHTLY spur that Buick thoroughbred of yours. Feel it surge ahead with a sure-footed stride, stepping out in front to set the pace—with never a murmur or complaint.

Yes, you can have quiet, lively horsepower like this, and a chassis that's free of stiffness and winter squeaks—if you let us keep your Buick in tiptop shape.

Take lubrication, for example. For the price of a routine "grease job" elsewhere, we turn our Buick-trained men loose on a complete, tailor-made lubrication service

from hood latch to trunk handle. They make a regular habit of extra care, such as dropping a spot of graphite on the carburetor heat-control shaft, or using a special, non-sleeve-soiling lubricating stick on your door strikers—and we could list a dozen more.

The point is, these mechanics are Buick specialists of long and patient experience—they know your Buick and its needs better than anyone else—and they take pains to keep you happy with it.

Yet you don't pay a penny more. Why not drop in this week?

Cold Wave Coming?

Let us set a date for checking over your cooling system sometime this week. Here's our prescription for protection:

Drain radiator, engine block and car heater — flush out summer sludge. Inspect radiator core for leaks. Check hoses for deterioration or loose connections. Examine thermostat control. Adjust fan belt tension. Tighten cylinder head. Put in genuine Buick antifreeze.

Monday Last Day To File Schedule Of Estimated Tax

V. Y. Dallman, Collector of Internal Revenue for the Eighth Illinois District comprising 76 counties in Central and Southern Illinois, reminded taxpayers that Monday, January 17, will be the deadline for filing Declarations of Estimated Tax for 1948. The final date normally is January 15 but since that date falls on a Saturday this year, the filing period is automatically extended to the next official workday.

Collector Dallman explained that this filing date is of especial importance to farmers, since they were excused by law from filing their 1948 Declarations until this time. The date is also important to many business and professional persons, investors, self-employed and similar taxpayers who were required to file Declarations last spring but who now want to change their estimates by filing amended Declarations. Most wage earners whose pay is subject to withholding are not required to file Declarations since the withholding substantially covers their income tax, although some wage earners with large salaries or supplemental non-salary income are required to file Declarations.

He also pointed out that many of these taxpayers can "kill two birds with one stone" by filing their final 1948 income tax returns instead of a Declaration. In other words, a farmer required to file an original Declaration or a businessman desiring to file an amended Declaration at this time can substitute his regular return on Form 1040, which he might otherwise wait to file on March 15. If he files his return and pays the tax in full by January 17, he can save the task of preparing and filing the 1948 Declaration or amended Declaration which is due then.

If a taxpayer in 1948 had more than \$100 of income which was not subject to withholding, he was required to file a Declaration if his total income (including wages on which tax was withheld) was \$600 or more.

If all of the Taxpayer's income was from wages subject to withholding, he was required to file a Declaration if his wages exceeded \$4500 plus \$600 for each of his exemptions (for example, \$6,300 in the case of a married man claiming exemptions for himself, wife, and one dependent).

Round Table On Industrial Arts At H.S. Wednesday
A discussion of the importance of vocational courses in special education will be presented at the second meeting of the district industrial arts round table to be held at Jacksonville high school Wednesday evening. Thirty vocational instructors and school administrators from Jacksonville and surrounding communities will attend.
Three guest speakers will present topics for discussion. Miss Martha E. Black, assistant state director of special education, will survey "The State Program of Special Education." Ivan K. Garrison, special education instructor, Jacksonville public schools, will speak on the subject, "Special Education Looks Ahead." Ralph B. Heiss, visiting counselor, Jacksonville public schools, will view "Vocational Education's Value to Youth."
Officers of the organization are: Elbert A. Lair, Jacksonville, chairman; Robert B. Newell, Springfield, secretary; Giles H. Woolf, Jacksonville, is program chairman.

200,000 Ducks Take Refuge In Marquette Area
Jerseyville—Edw. Davis, federal warden for the Marquette Park wild life refuge reported Saturday that the great concentration of wild ducks and geese continues in the lakes and waters of the area.
Davis estimated that at least two hundred thousand ducks are wintering in the vicinity and in addition there are fully five thousand geese. Davis reported that among the geese

in this respect, for it was in such areas last year that the bulk of the shot was picked up by the ones which died in 1947.

chairman, Mrs. Glenn Haven, Mrs. John Kinser, Mrs. Warren Cook, Mrs. Richard L. Dalton, Mrs. Byron Hill, Mrs. Richard Wilhite and Mrs. Robert Langley.

Howard C. Sanders of the Regional Welfare Office at East St. Louis will speak about the state services for subnormal handicapped children. A movie, "Our Most Precious Possessions," will be shown in connection with his talk. Mrs. Herschel Williams will present piano selections.

FEEDING PROJECT REPORTED

Lubbock, Tex.—(P)—Experiments to compare results of feeding miltin miltin and plain miltin to lambs are under way at Texas Technological College here. One group of lambs was given a mixture of miltin, alfalfa and cotton seed meal. These lambs showed a gain of .52 of a pound a day per lamb.

Another group was fed on a mixture of plain miltin, cottonseed meal and alfalfa. These lambs showed a gain of .51 of a pound per day. Other lambs started grazing a field of miltin miltin. Gains averaged .48 pound per head daily.

GREENFIELD

Greenfield—Mr. and Mrs. Martin D. Roth attended the wedding of his sister, Mrs. Clara Roth-Hendrix, and Dale Allyn of St. Louis at the bride's home in Normandy, Mo., on New Year's Day. They were attended by Mrs. Carl Marsh of Alton, sister of the bride, and Grant Peiter of St. Louis.

Mrs. John Buchanan of Nashville, Tenn., and her brother, Tom Girhard, a student at Trinity University, San Antonio, Texas, were holiday guests of their parents.

Miss Reta Hengel has returned to her duties in Washington, D. C., after a three-weeks visit with her parents, Mr. and Mrs. George Hengel of the Hettick vicinity.

J. Willard Rives, a recent graduate of the Chicago school of laboratory and x-ray technicians, is now employed in the Boyd Memorial hospital in Carrollton.

Mr. and Mrs. J. E. West and daughters have returned to their home in Cairo, Ga., after a two week's visit here with her parents, Mr. and Mrs. H. Frank Greer.

Mrs. J. R. Shields and daughter, Brenda, were Friday visitors at the home of her brother, Ray Fair and family in East Alton.

Mr. and Mrs. G. S. Hedgecock left the first of the week for Casa Grande, Ariz., where they will make an indefinite visit at the home of their son-in-law and daughter, Mr. and Mrs. Lloyd King.

BRITISH TOLD TO
GET OUT OF HOSPITALS

London—(P)—"The Lancet," British Journal of Medicine, urges that ailing Britons should leave hospitals more quickly in order to relieve the general overcrowding. It says: "Nobody should occupy an ordinary hospital bed after he has become fit to be moved to some less elaborate, ancillary institution—a convalescent home, a rehabilitation centre or a hostel for old people—or to his own home."

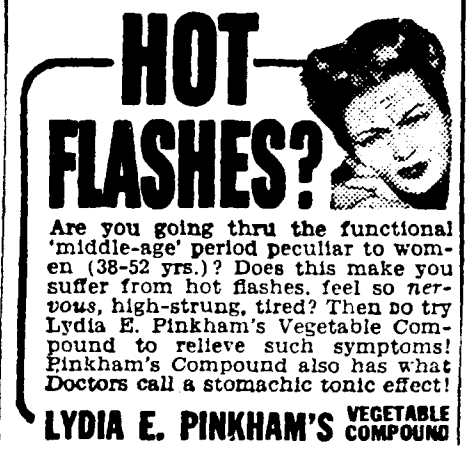

Home Bureau Unit
At Chandlerville
Elects Officers

Chandlerville—Officers were elected by the Chandlerville Unit of Home Bureau at its meeting held at the home of Mrs. Arthur Glick.

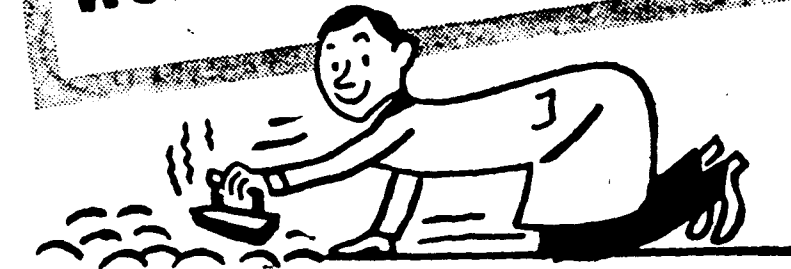

Those chosen were Mrs. Virgil Alcorn, chairman; Mrs. Lloyd Miller, vice chairman; Mrs. Arthur Glick, secretary-treasurer.

Preceding the meeting, a potluck dinner was served. Mrs. Virgil Alcorn gave the health topic, "Mental Stress." The major lesson, "Protein Requirements," was presented by Mrs. Frances King, the home adviser. Mrs. George Cline presented "English As It Is Pronounced," the minor lesson.

Recreation was led by Mrs. King. Fourteen members were present.

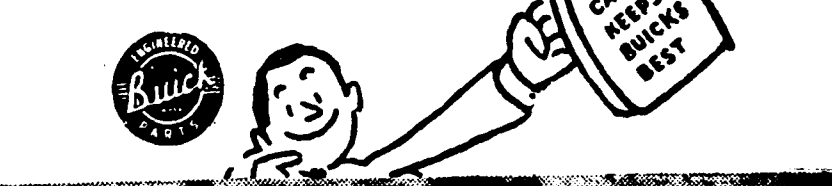

we iron out bumps

There's more than one way to take the bumps out of driving. And the easiest way we know is to make sure your Buick's shock absorbers are up to snuff.

Meredosia Club Hears Address By District Chairman

Meredosia—Mrs. Roy Tweed of Mt. Sterling, district chairman of the Park Ridge School for Girls, was guest speaker at the meeting of the Meredosia Woman's club.

The school is one of several projects sponsored by the Illinois Federation of Women's clubs. Following Mrs. Tweed's talk, piano selections were presented by Mrs. Howard Edlen. Mrs. Hal Naylor served as program chairman.

Curios made by the Pueblo Indians were displayed by Mrs. Leonard Liehr. Mrs. Everett Likes and Mrs. Liehr served refreshments. Sixteen members were present.

Mrs. Clyde McAllister was hostess to members of the Lutheran Missionary Society at their meeting held at her home here.

Installation of officers took place following the business session. Refreshments were served by Mrs. McAllister and Mrs. Elsie Becker. Mrs. Harold Henderson had charge of the program.

MEREDOSIA

Meredosia—The Sunday school classes of Mrs. Charles Schmitt and William Hawkshaw held a watch party New Year's Eve at the Methodist church. Twenty-five members and guests were present.

The Beardstown Group of the M. Y. F. will meet Monday at 7 p. m. at Bluffs Spring. Those planning to attend are asked to notify Harry Brown before Sunday.

Mr. and Mrs. O. W. High of Chambersburg and Mr. and Mrs. George Berard and daughter, Suzanne of Pekin were New Year's Day guests of Mr. and Mrs. Glen Hobbs and daughter.

Mr. and Mrs. John Norrup and son, Gene, and Mr. and Mrs. Farrell Norrup and sons of Stronghurst were dinner guests at the home of Mr. and Mrs. Herb Hiners.

Mrs. Luke Little is a surgical patient at Our Saviour's hospital. Mrs. Grace Drake of Blue Mound is caring for Mrs. Joseph Bottrell, who is ill at her home here.

Mr. and Mrs. Bennie Starks and daughters of Hannibal, Mo., visited here with Mrs. Mary Starks.

Mr. and Mrs. Clyde McAllister visited in Chapin at the Jesse Delph home.

Mrs. Alvin Unland attended a Home Bureau meeting in Jacksonville.

Miss Flora Kiel recently spent the day in Jacksonville on business.

Four states touch Texas, and you can travel directly north across its border into any one of the four.

Rentox Is The Best Medicine There Is

"I have been troubled with arthritis in my legs and shoulders for 8 or 9 years and at times the pain was so bad I could hardly get up and walk. I am 73 years of age and it was difficult for me to get down to my workshop in the basement. I have tried many, many medicines but none seemed to help at all and my condition was getting steadily worse. I saw Rentox advertised and decided to give it a try. To my surprise the pains in my shoulders were completely relieved and my legs are much better. I hope to be completely cured after taking a few more bottles. My wife says I look much better and have more color in my cheeks. I can now go down to my workshop and work all evening with no trouble at all. I am once more able to shovel coal and tend the furnace without having the sharp pains I formerly had. I think Rentox is the best medicine there is and would recommend it to anyone."

Why Not Try Rentox Today?

This splendid medicine containing 26 herbs and other ingredients may be just the medicine you need to put you on the road to better health. Rentox builds rich red blood, relieves arthritic and rheumatic pains by removing toxic poisons from the system, kidney and gall bladder trouble are relieved so that you no longer lose sleep due to frequent getting up nights. Lost pep and energy return and you once more will have a real zest for food. Why not get a bottle of Rentox from your druggist today and see how much younger, more active and alive you will look and feel. Be sure to get the genuine Rentox Compound.

YOU CAN ENJOY Good Health

STOMACH AILMENTS, WEAK KIDNEYS,
RHEUMATIC PAINS, ARTHRITIS, NEURITIS
and such complaints as Headaches, Nervousness, Acidic Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Druggless Health! Read What They Say!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth—Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dope—is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments—highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to build a strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL can do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or suffer. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their mysterious water. We have all heard of the wondrous springs of Lourdes, France, and famous Thionien in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young. GEO-MINERAL contains minerals you get at the world's best WARGA'S DRUGS—Jacksonville, Illinois.

Mail orders to above address—add 10c for postage.

PLEASE BEAR WITH US

We are sorry for the inconvenience to our electrical customers and the public, occasioned by formation of ice on our wires and the falling of limbs, which have been causing numerous disruptions of service throughout the city.

Three crews are on emergency 24-hour service. They are handling calls quickly and in many cases repairs are being made in an hour's time. The City Street Department is helping greatly by removing fallen limbs and debris on the wires

We appreciate the tolerant attitude of many customers and the co-operation given in reporting damage to the lines.

Please remember, do not handle any wires which are down. Many are still alive and carrying high voltage.

Lutheran Ladies' Aid Has Meeting At Chandlerville

Chandlerville.—The Lutheran Ladies' Aid society held a meeting Thursday afternoon at the home of Miss Lula Lovekamp, assisted by Mrs. Louis Davidmeier and Mrs. Laverne Lane. The meeting was presided over by the president, Mrs. Fred Wahlfeld. Scripture and prayer was given by the Rev. Harvey Michels, who also led the discussion topic, "Living Our Faith." At the close of

the meeting refreshments were served. Those present were Mrs. Auguste Lovekamp, Mrs. Arthur Tuecke, Mrs. G. L. Jurgens, Mrs. Oscar Greb, Mrs. J. H. Vollmers, Mrs. Eugene Vaughn, Mrs. Fred Wahlfeld, Mrs. Ruel Eichenauer, Mrs. J. H. Scott, Mrs. Earl Taylor, Mrs. Elmer Jurgens, Mrs. Louis Davidmeier, Mrs. Laverne Lane, Miss Lula Lovekamp, Miss Henerietta Glick and Miss Alice Vollmers.

FISH FLEE FROM WATER

Fleetwood, England.—(P)—Residents here were amazed to see large numbers of fish trying to get out of the water. Some were leaping. Others were swimming with their heads above surface and when thrown back into deep water they immediately swam back to shore, members of the Layton Angling Society reported. It is believed the fish were poisoned by pollution in the River Wyre. Both fish and water are being analyzed by the ministry of agriculture and fisheries.

Jerseyville Couple Exchange Vows

Jerseyville.—Announcement is being made of the marriage of Mrs. Opal Vanausdell and Grant Gresham of Jerseyville, which occurred at 6 p. m. Dec. 29 at the parsonage of the Presbyterian church in Chester. The Rev. Parschbaker, pastor of the church, officiated at the single-ring service.

The bride wore a wine colored wool suit, with accessories of black. Her corsage was composed of white carnations. Mr. and Mrs. Gresham went to Kentucky for a short wedding trip and are residing temporarily in an apartment over the groom's store on South Street while their home on Cemetery Avenue is being remodeled for their occupancy.

Mrs. Gresham is the daughter of Mr. and Mrs. Ed Plumb of Fieldon and recently was employed at the Morgan hotel in Jerseyville.

Mr. Gresham is the son Mrs. Carrie MacDonald of Jerseyville. He owns and operates Grant's Liquor store in Jerseyville.

Arenzville Club Hears Report On Year's Activities

Arenzville.—A report on the year's activities was given for members of the Ladies' Aid society of St. Peter's Lutheran church by Mrs. Inez Dahman, secretary of the group. A report was also presented by the treasurer, Mrs. Harold Nordsiek. During the meeting, Mrs. Rosine

Dufelmeier and Mrs. Dora Burrus became members of the society. Devotions were led by Mrs. E. A. Slotag. The remainder of the afternoon was spent in quilting. Refreshments were served by the hostess, Mrs. Elmer Buck and Mrs. Oliver Meyer.

A war-developed device for sending automatic radio signals giving scientific information from a fouring rocket high above the earth, has operated successfully from an altitude of nearly 72 miles, while traveling at more than 2800 miles an hour.

KITCHEN TRICK

ROLL LEFTOVER mashed potatoes in wax paper, store in refrigerator. For potato cakes, cut roll into slices, roll in bread crumbs and fry.

HOUSEHOLD HINT

CARDBOARD egg cartons make good storage containers for small, delicate Christmas tree ornaments.

RECIPE

APPLE PUDDING PIE

1 c. chopped tart apples 1/2 c. brown sugar
1/2 c. seedless raisins 1 Tbsp. flour
1/2 tsp. grated lemon rind 1 Tbsp. lemon juice
2 Tbsp. shortening 2 Tbsp. cold water
1/2 tsp. cinnamon Pastry

Line bottom and sides of deep greased baking dish with pastry. Brush bottom with melted shortening. Filling: Mix apples, raisins, sugar, cinnamon, flour and lemon rind; put into pastry-lined dish. Dot with shortening. Pour in lemon juice mixed with water. Top with pastry. Join edges by moistening with water, prick top. Bake 10 minutes in hot oven (450°), reduce to moderate (350°) for 35 mins.

VITALITY FOOD

Shower Honors Mildred Staake

Arenzville.—Miss Mildred Staake of Jacksonville, who is to be married to Herbert Witte on Jan. 16, was honored at a miscellaneous shower Sunday afternoon at the home of Mrs. Arthur Huppe with Mrs. Charles Witte of Concord assistant hostess.

Bunco was played, with high score going to Mrs. Marvin Duerer of Waverly and low to Miss Norma Natemeyer.

Delicious refreshments of heart-shaped sandwiches, fruit salad molds, cake, coffee and nuts were served with small paper umbrellas and arrows as favors.

The guest of honor received many useful gifts which had been placed under a large decorated umbrella as the guests arrived.

Those present besides the guest of honor were Mrs. Ed Staake and daughter Selma of Jacksonville, Mrs. Leonard Staake of Chapin, Mrs. Marvin Duerer of Waverly, Mrs. Charles Winkelman of Springfield, Mrs. William Lovekamp and daughter Betty of Bluffs, Mrs. Edward Witte, Mrs. Albert Witte, Mrs. Louis Witte, Mrs. Edward Natemeyer and daughter Norma, Mrs. William Winkelman, Sr., Mrs. Lawrence Meyer and daughter Sharon, Mrs. Robert Witte, Mrs. William Winkelman, Jr., James Huppe, all of Arenzville, and the hostesses.

Mrs. Skelton Of Waverly Honored

Waverly.—Mrs. Otis Watts and Mrs. Doris Wendie entertained Saturday afternoon at a miscellaneous shower at the home of Mrs. Watts in honor of her daughter, Mrs. Harold Skelton.

The afternoon was spent playing bingo, and contests. Prizes were won by Misses Eleanor Carr, Margie Deatherage and Nedra Cox, and Mrs. Paul Ryan.

Guests included Mrs. Skelton, Mrs. Richard Handy, Mrs. James Henry, Mrs. Julius Ladage, Mrs. Paul Ryan, Misses Eva Miner, Emma Miner, Edna Schramm, Maxine Skelton, Nedra Cox, Jean Gooden, Wilma Ladage, Ruth Crawford, Margie Deatherage, Mary Hankins, Eleanor Carr, Mrs. Wm. Watts, Mrs. Wendie and Mrs. Otis Watts.

DeMolay Mothers Elect Mrs. Hanly

Roodhouse.—Mrs. Helen Hanly was recently elected president of the Roodhouse-White Hall DeMolay Mothers' circle.

Others elected include Mrs. Mildred Hutton, vice president; Mrs. Lyndal Rose, secretary; and Mrs. Edna Hansberger, treasurer.

A meeting of the Labor and Trades assembly will be held Monday at 7:30 p.m.

The W.S.C.S. of the Methodist church will meet at 2:30 p.m. Tuesday in the church basement.

INDIA HAS LEPROY PROBLEM
Calcutta.—(P)—There are about one million lepers in India—and facilities for treating 15,000.

Officials of the West Bengal branch of the British Empire Leprosy Relief association, who released these figures, said 250,000 cases of leprosy in India are infectious and should be treated. They said West Bengal province, with provision for only 700 patients, has 300,000 cases, more than 50,000 of them infectious.

the program at a meeting of the Exchange club Monday night. Henry Busche presided in the absence of Cecil Ford, president.

ATTENTION CATTLE FEEDERS

Let us show you how to save money on your cattle feeding. By feeding DIXIE STEER FATTENER you will save on corn and about one-third the cost of your proteins over feeding oil meals. The greater variety of proteins you have in your feed the better results you will have and quicker and more economical gains and a better finish.

DIXIE STEER FATTENER is a combination of cotton seed, soybean meal, linseed meal and corn germ meal, alfalfa leaf meal and molasses properly blended to give the best results with less cost and a better finish.

Come in and get our prices. You'll be surprised what you can save by feeding DIXIE STEER FATTENER.

EMPORIUM

BACK TO MOTHER'S GRANDMOTHER'S DAY

The hats and dresses that great grandmother wore as a girl are again in style. So are many of the home furnishings that she knew.

Not yet, however, has the revival brought back the leather moneybag that the men folks carried or the roll of bills that once seemed so impressive. There is too much convenience and protection and far more prestige in a checkbook nowadays!

The Farmers State Bank is helping thousands of men and women to handle their money matters the modern way — may we help you?

Tigers Squeeze Narrow 32-29 Win From New Berlin Five

Spike Wilson and his I.S.D. cagers had their hands full with a small but scrappy New Berlin quint, but finally bumped them 32 to 29 in the Pretzel gym last night.

The host school went in to the lead in a very first frame, holding a 4 to 3 edge at the end of the first eight minutes of play. The contest picked up speed in the second period, but the New Berlin five still managed to hold a 16 to 12 lead at the intermission.

Ceci Sparks Tiger Drive Sparked by Ceci, the Tigers staged a third quarter rally, and shoved into a one point lead going into the last frame. They managed to pick up enough counters in the last quarter to edge the fighting hosts 32 to 29 at the final gun.

The game was marked by very slow play throughout. The Wilson man had only 11 personal fouls against them, while New Berlin committed 18 fouls.

The preliminary was another thriller, with the locals coming a 32 to 31 battle from New Berlin.

The box score:

I.S.D.	FG	FT	TP
Hood, f	2	3	7

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Jan. 11.—(AP)—Hog prices turned 25 to 50 cents lower today, cattle were steady to 50 cents less and sheep 25 to 50 cents down for lambs and steady for cubs.

Barrows and gilts grading good and choice sold from \$18.50 to \$21.75 and a top of \$22.00. Sows took \$15.00 to \$17.75 and a top of \$18.00.

Steers topped at \$31.00 and heifers at \$29.50. Other medium to low-choice steers brought \$22.00 to \$30.00 and medium and good heifers \$22.00 to \$25.00. Most beef cows sold no higher than \$19.50 while sausage bulls still topped at \$24.00.

Good and choice lambs made \$24.00 to \$24.50 and a top of \$24.75 with choice clipped lambs meriting \$24.00. Ewes topped at \$10.50.

Salable receipts included 17,000 hogs, 8,500 cattle, 700 calves and 3,500 sheep.

SOYBEANS IN SHARP ADVANCE AS ALL GRAINS SPURT

Chicago, Jan. 11.—(AP)—Advances in all futures were scored at the Board of Trade today, with soybeans showing the sharpest advance. Reports of increases in first quarter allocations of soybeans brought buying by cash buyers.

The nearby wheat contract spurted under buying said to be hedge lifting against sales to Norway and Brazil. Mills also were buyers.

Corn and oats gained some strength from other grains, although advances in those prices were very moderate. Lard pushed upward on reports of additional authorizations to Austria.

Receipts were: Wheat 3 cars, corn 123, oats 33, soybeans 12.

At the finish wheat was 1 to 2 cents higher than the previous close, May \$2.26½. Corn was unchanged to 1 higher, May \$1.48½. Oats were 1 to 1 higher, May 77½. Rye was 1½ higher, May \$1.69½. Soybeans were 4 to 4½ higher, March \$2.51½. Lard was 17 to 25 cents a hundredweight higher January \$15.52-55.

Chicago Cash Grain

Chicago, Jan. 11.—(AP)—Wheat: none. Corn No. 2 yellow 1.47½-48½; No. 3, 1.43½-46½; No. 4, 1.36½-42½; No. 5, 1.30-35½; sample grade 1.24½-28½; No. 4 white 1.40½-43½. Oats: No. 1 heavy mixed 84½; No. 1 mixed 84½-85; No. 1 heavy white 85-86; No. 2 heavy white 85½; No. 3 heavy white 83½; sample grade heavy white 78-79½.

Barley nominal; malting 1.20-66; feed 1.02-20. Field seed per cwt. nominal; timothy 17.50-18.00; sweet clover 15.00-16.00. Soybeans: sample grade yellow 2.05½ track Chicago.

Markets at a Glance

New York, Jan. 11.—(AP)—Stocks—Narrow; some gold shares bought.

Bonds—Quiet; selected rails improve.

Cotton—Higher short covering and trade buying.

Chicago

Wheat—Strong; mill and export buying.

Corn—Steady; advanced with wheat.

Oats—Steady; advanced with other grains.

Name I.S.D. Player On All-American Deaf Grid Team

Victor Marsala, standout guard on the gridiron this past Fall for Art Yates' I.S.D. football machine, has been named on the annual All-American Deaf team in recent selections by the American Athletic Association of Deaf schools.

Only one team was chosen by the committee, and applicants were scanned from every deaf school in the nation. Tennessee, Washington, Mt. Airy, Pennsylvania, were the only schools that enjoyed the distinction of placing two gridgers on the all-star eleven.

Paul Stroud's Rocket quint staged a fourth quarter rally and sped to a 50 to 38 victory over the Waverly Scotchie on the local boards last night.

Routt started the contest cold at the hoop, and barely managed to fight it out on even terms with the invading quint in the initial periods of play. Although the locals led at every stopping-point in the contest, Waverly managed to edge into the lead by a slender margin at several points in the fray, and were never counted out of the game until the Routt barrage drove them down in the waning seconds of play.

Saner Sparks Rebounding Again, it was Paul Saner's work under the hoop, combined with speedy floor play by the diminutive Rocket forwards and guards that contributed to the local's victory. Mitchell, Scotty forward, proved a veritable thorn in the Stroudmen's side all evening, as he tallied 18 counters in an effort to keep his team in the game. He and Peters, his running mate at forward, played beautiful ball the first three quarters, but the zippy Rocket front-line men proved too much for them in the waning seconds, as they bowed before the locals, who took the contest going away.

Paul Stroud, who is trying his hand at the coaching game for the first time this year at Routt, used substitutes freely throughout the contest, even when the locals seemed to be in danger of being overhauled by the fighting invaders. This strategy proved very effective as was demonstrated in the last few minutes when his rested quint outran a tired Waverly outfit in the race for victory.

In the preliminary, the Routt seconds made it a clean sweep for the east-siders, taking a 30 to 25 fray from the Scotty reserves.

The Box Score

Winchester Clips

Jerseyville Five

In Ivy Loop Fray

Jerseyville—The Winchester Wildcats swept to their fourth Ivy League cage win here last night, as they dumped the host Panthers 71 to 47.

It was the Jerseyville quint's third loss in loop competition, while they have won but a single Ivy League basketball game to date.

Hankins, big Winchester pivot man, flipped in 22 fielders for a 24 point tally, and led the winners' scoring parade. Reynolds garnered 21 counters for the Jerseyville five.

The Wildcats reserves also took the nod in the preliminary, grabbing a 45 to 38 fracas from the Jerseyville seconds.

The Jerseyville five can be seen in action on the local boards next Friday evening when they play host to Greenfield. The bout was originally scheduled to be played in Greenfield.

The box score:

Winchester	FG	FT	TP
McLaughlin, f	1	3	5

Norway Ends Talks On Pact

Get Final Fill In On Price Of Alliance

Washington, Feb. 11—(AP)—The United States was reported to have assured Norway today it can enter the proposed North Atlantic alliance as a full partner and with assurance of substantial military backing from this and other member countries.

This summary of the basic American attitude toward Norway's defense problems is understood to have been given to Norwegian Foreign Minister Halvard Lange by Secretary of State Acheson in an 80 minute conference at the state department this afternoon.

Earlier in the day, Lange had conferred briefly with President Truman, and after meeting with Acheson he wound up his week-long visit to Washington with a call on Senator Vandenberg, the Republican foreign policy leader.

Issue Joint Statement
Acheson and Lange issued a joint statement saying they had held a "full and frank discussion of the objectives and nature" of the North Atlantic Security project.

Lange subsequently told the Associated Press, just before he left by plane for New York, that he had had "a very good reception" and a "very good discussion" which had yielded "very frank information." At the state department he informed reporters he planned to meet British Foreign Minister Bevin in London Monday.

As he boarded a plane, Lange said "there is no inkling of truth in reports the state department put pressure on him during his stay to link Norway to the North Atlantic alliance."

"The situation has cleared as result of my visit," he said. "And my recommendations will depend on my reflections on the way back."

While the meeting was secret, it was understood that in general Acheson covered these points:

Glad To Include Norway

1. The United States and other North Atlantic countries—seven are now negotiating a treaty draft here—would be glad to see Norway join the group when it is enlarged before the treaty is put into final form and readied for signing. But no official invitation was issued to Norway to join and responsible informants insisted that no pressure was exercised to influence the Norwegian foreign minister one way or the other.

2. The United States, subject to senate approval of the treaty, will make the strongest possible commitment to give prompt and effective aid if any one of the countries in the alliance is attacked, but only congress can declare war.

3. Military action, therefore, cannot be committed in advance. But in joining the alliance, the American government would subscribe to the principle that an attack on all and this would be interpreted as a moral commitment to fight.

Objective Is Peaceful

4. The objective of the security system, under the United Nations charter, is peaceful and not, as the Russians have charged, aggressive. It is based on the principle that aggression by any country would be discouraged by confronting that country in advance with a powerful array of allied nations.

5. Norway like every other member of the group would be expected to dovetail its defense plans with over-all western grand strategy for defense, but it would not be required to provide advance bases, a point which the Russians recently raised with the Norwegian government.

6. The United States is not prepared to say at this time in detail exactly what military arms and equipment it can supply under a mutual aid program paralleling the alliance. President Truman is expected soon to recommend authorization for such a program to congress.

On his part, Lange is understood to have taken the line that he was on a fact finding mission and Norway's formal attitude toward the security project will not be determined until he has reported to the government in Oslo and the matter has been discussed in the Storting (parliament).

Koreans Disclose Plot To Blast U.S. Welcoming Rally

Seoul, Saturday, Feb. 12—(AP)—Korean police today disclosed a plot to dynamite the Seoul stadium at a welcoming rally for the United Nations commission on Korea later in the day.

Police Captain Park Po Yung said nine men were under arrest. Three others who confessed the plot gave information leading to the apprehension of six more during the night, Park reported.

The officer said the trio was nabbed in the act of carrying 70 feet of wire in the vicinity of the stadium. The U.N. commission has just arrived here to see what it can do to unify Korea—divided into American and Soviet Russian occupation zones, with rival Korean governments in each sector.

President Syngman Rhee of the Korean Republic—in the American zone — and U.N. delegates from China, France, Australia, the Philippines, Syria and India, and Foreign Diplomats planned to attend the stadium rally.

Capt. Park said the trio arrested first said they were to meet their confederates to plant time bombs under the stadium grandstand. He said they identified themselves as members of the communist-controlled South Korea labor party.

Ragen Appointed Warden Of Joliet By Gov. Stevenson

Springfield, Ill., Feb. 11—(AP)—Gov. Adlai E. Stevenson today reappointed Warden Joseph E. Ragen of the Joliet branch of the Illinois state penitentiary.

Ragen has been warden there since 1942. President of the International Warden's Association, he started work in penal administration as warden at Menard penitentiary in 1939.

He served as Illinois prisons superintendent in 1934 and the following year was named acting warden at Joliet. Before returning as warden, he served with the federal justice department for a year.

Ragen also is former sheriff and treasurer of Clinton county. A native of Trenton, he lived for many years in Carlyle.

34 Midwestern Women Will Make Tour Of Europe

Omaha, Feb. 11—(AP)—Thirty-four midwestern women will fly abroad this month for a 30-days tour of Europe.

The women, from farms and towns in South Dakota, Iowa, Wisconsin and Nebraska, will follow much the same route taken by 38 farmers from the midwest last fall.

Lawrence Youngman, Omaha travel agent who arranged the tour, said it is sponsored by Mary Foster, midwest radio personality. He said the women will get a first hand look at both rural and urban conditions in Italy, Germany, Switzerland, France, Holland, Belgium, England and Ireland. They will stay in private homes part of the time.

The group will leave Omaha and Chicago by air Feb. 21 to meet in New York and go on to Paris by plane. Youngman said he and Mrs. Youngman would accompany the party.

BONUS CHECKS

Chicago, Feb. 11—(AP)—Four hundred Illinois soldier bonus checks worth a total of \$77,175.69 were mailed yesterday. To date the state has paid out \$303,810,777.38 among 419,799 downstate claimants and 419,799 from Cook county.

Eisenhower Named As Head Of Joint Chiefs Of Staff

Washington, Feb. 11—(AP)—President Truman announced today that Gen. Dwight D. Eisenhower will serve temporarily as chairman of the joint chiefs of staff.

The White House gave no explanation. The brief oral announcement was made through Eben A. Ayers, assistant presidential press secretary.

Summoning reporters to his office, Ayers told them:

"The President announced today that arrangements have been completed whereby Gen. Dwight D. Eisenhower has been assigned temporarily as principal military advisor and consultant to the commander in chief (the President) and the secretary of defense (Forrestal)."

"In this capacity, he will sit in the meetings of the joint chiefs of staff and act as presiding officer."

"Out of consideration for General Eisenhower's other commitments, it is planned that this arrangement will be of relatively short duration."

Ayers said he could answer no questions when asked why Eisenhower was being asked to preside over meetings of the joint chiefs of staff.

Says Corn Crop Exceeds Demand In U.S., Overseas

Chicago, Feb. 11—(AP)—High corn production in 1948 was "quite definitely in excess of domestic and export requirements," J. O. McClintock, executive vice president of the Chicago Board of Trade, said today.

In a statement prepared for delivery over a local television station, McClintock said "through government price support loans of 90 percent of parity to farmers, accompanied by outright buying of grain by government for export, the full impact of high production on prices was temporarily restrained."

But he added, "a recent change in government policy in buying corn has materially reduced its (the government's policy) effectiveness as a constructive price influence."

McClintock said he referred to a recent government ruling requiring that corn offered for sale to the government should contain only 14 percent moisture, and not 15 percent as previously. He said the cost of extracting an extra point of moisture from corn amounted to at least 3 cents a bushel.

Man Buried Alive Under Coal Slide

Chicago, Feb. 11—(AP)—A trapdoor in a coal car sprung open today and buried a laborer for a half hour under 15 tons of coal.

The victim was James E. Campbell, 19, negro, an Illinois Central railroad employee at the yards at 14th street and Indiana avenue.

Campbell was spraying live steam on frozen coal to loosen it for handling on conveyor belts. While standing on a pile of coal, the trapdoor worked open, dropping Campbell and the contents of the car into a pit below.

Fifteen policemen and firemen worked 30 minutes to free him. He was taken to a hospital.

Russia Bids For Her Share Of Antarctic

Moscow, Feb. 11—(AP)—Soviet Russia probably will make an official declaration shortly of what she considers her rights and interests in the Antarctic, icy storehouse of potential mineral wealth.

The All-Union Geographic society has asked for such a declaration to foreign powers interested in the Antarctic and the request was given major attention in the Soviet press today. The official Soviet news agency Tass distributed it.

Man Buried Alive Under Coal Slide

Chicago, Feb. 11—(AP)—A trapdoor in a coal car sprung open today and buried a laborer for a half hour under 15 tons of coal.

The victim was James E. Campbell, 19, negro, an Illinois Central railroad employee at the yards at 14th street and Indiana avenue.

Campbell was spraying live steam on frozen coal to loosen it for handling on conveyor belts. While standing on a pile of coal, the trapdoor worked open, dropping Campbell and the contents of the car into a pit below.

Fifteen policemen and firemen worked 30 minutes to free him. He was taken to a hospital.

Russia Bids For Her Share Of Antarctic

Moscow, Feb. 11—(AP)—Soviet Russia probably will make an official declaration shortly of what she considers her rights and interests in the Antarctic, icy storehouse of potential mineral wealth.

The All-Union Geographic society has asked for such a declaration to foreign powers interested in the Antarctic and the request was given major attention in the Soviet press today. The official Soviet news agency Tass distributed it.

Newspapers reported a possibility the region holds uranium, which is used in making atomic bombs.

The United States, Britain and France, the western members of the Big Four, are among the powers interested in the Antarctic. Others are Norway (which is studying the idea of joining the projected North Atlantic alliance), Australia, New Zealand, Argentina and Chile.

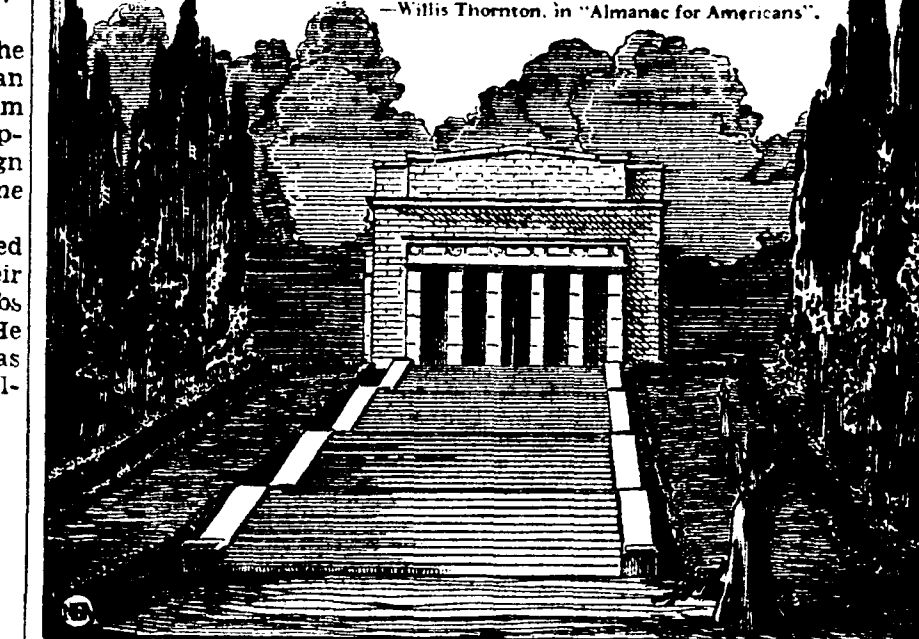

A Child Is Born - Feb. 12, 1809

The little valley of Nolin's Creek, a couple of miles from Hodgenville, Ky., looks much the same today as it did on the morning of February 12, 1809. A road winds up beside the creek; hills rise on either hand. But there is a marble monument today shielding the log cabin which that morning stood alone on a hillside by a spring.

It was late in the morning of that day in 1809 that Tom Lincoln built up the fire in the stick-clay chimney, wrapped a bearskin about his wife, Nancy Hanks, and trudged two miles up the road to the nearest neighbors. "Nancy's got a boy baby," he announced hesitantly in his slow, quiet voice.

They named him Abraham.

—Willis Thornton, in "Almanac for Americans."

Many Will Make Pilgrimage To Lincoln's Tomb Today

Springfield, Ill., Feb. 11—(AP)—This Shrine city, where Abraham Lincoln is laid to rest, will pay its traditional homage tomorrow on his 140th birthday anniversary.

The 117 foot granite monument in Oak Ridge cemetery where his body lies will be the focal point of daytime programs. A speech by vice president Alben Barkley will highlight evening observances.

Principal ceremony at Lincoln's tomb will be held by the American Legion, making its 15th annual Pilgrimage to the monument.

Perry Brown of Beaumont, Tex., National Legion commander, will speak from the tomb at 11:15 a.m. on the program will be Gov. Adlai E. Stevenson, Illinois Legion Commander William G. Burns of Chicago, and Mrs. Hubert Goode, Portland, Oregon, Legion Auxiliary National president.

All four will take part in wreath laying ceremonies. Afterwards, an automobile caravan will travel to New Salem State Park, restored village 20 miles from here where Lincoln began his political career.

Governor Stevenson will introduce Barkley, his cousin, when the vice president speaks at 3 p.m. in the Springfield high school auditorium. This program is sponsored by the mid-day luncheon club, a civic group.

The veterans of foreign wars and the young Republican clubs of Illinois also will conduct pilgrimages to the tomb.

Sangamon county Bar Association members will walk to the tomb from the courthouse, where Lincoln practiced law. They will follow someone who the line of march when Lincoln's body was carried to Oak Ridge cemetery.

Former congressman Everett M. Dirksen will address the young GOP meeting tomorrow night. The Abraham Lincoln association will hear Professor Dumas Malone of Columbia University in the afternoon.

Herbert Wells Fay, a familiar figure who has become almost a legend at the tomb, will be on hand for the ceremonies there. Fay retired last month as tomb custodian, a position he held since 1921. He will be 90 years old Feb. 28.

Moline CIO Fistic Battle Simmers Into Hard Words

East Moline, Ill., Feb. 11—(AP)—A fistic battle which flared yesterday between some 300 members of rival CIO unions simmered today into hard words and legal charges by leaders of the groups.

About 20 persons were injured in the clash at a gate of International Harvester company's East Moline works.

Between 70 and 100 members of the United Auto Workers appeared and began handing out literature urging plant workers to abandon the United Farm Equipment Workers union.

The melee erupted shortly after the day shift began leaving the plant. It raged for 20 minutes as two East Moline policemen looked on powerless to interfere. Police said the UAW organizers got the worst of it.

John W. Livingston of Detroit, UAW vice-president, and Pat Great-house of Chicago, UAW regional director, were among those injured.

Yugo Protests Her Exclusion From Moscow Meeting

London, Saturday, Feb. 12—(AP)—Yugoslavia has protested her exclusion from last month's Moscow economic conference. Russia replied she shut herself out by showing hostility to other eastern European countries, the official Soviet news agency Tass said today.

In a Moscow dispatch the Soviet news agency said the Yugoslav foreign ministry made the protest in a note handed to the Soviet embassy in Belgrade Feb. 1.

Yugoslavia, said the dispatch, protested her being left out of the six-nation conference that set up ECMA, an "act of discrimination" in violation of existing Soviet-Yugoslav treaties.

The Soviet Union, Bulgaria, Hungary, Poland, Romania and Czechoslovakia set up the economic council at a Moscow meeting last month to counter what they called a trade boycott by western nations.

The relations of these countries with Yugoslavia have been cool since the Cominform (Communist information bureau) kicked out Tito's Yugoslav Communist party last summer for un-Marxist nationalism.

Medina Says Reds Trying To Make Fool Of Justice

New York, Feb. 11—(AP)—Federal Judge Harold R. Medina, accusing lawyers for 11 high-rank communists of "attempting to make a mockery of justice," today ordered them to put in writing the remainder of their attack on the federal jury system here.

Then on Monday, he said, he will decide whether to shut off their courtroom argument on this matter—which has been in progress almost all the time since the trial began Jan. 17—or permit them to go on with it.

The defendants, all members of the American communist party's national committee, are charged with conspiring to advocate overthrow of the U.S. government.

The battery of defense lawyers has submitted a small mountain of documents, maps and charts designed to show that the method of selecting juries here discriminates in favor of the rich and against the poor and members of minority groups.

Sell Knetzer Home For \$15,000; Give Money To Trustee

Chicago, Feb. 11—(AP)—A Chicago suburban home has been sold for \$15,000 and the money has been transferred to the trustee in the bankruptcy of Robert L. Knetzer, Edwardsville, Ill., used car dealer.

Knetzer has been indicted for conspiracy to defraud in used car deals involving more than \$3,000,000 and 1,800 creditors.

The home is at East avenue in Park Ridge, Ill. A transfer of title showed today it was purchased by an undisclosed person through a title company with permission granted in Jackson county, Wyo., by Dorothy Kelch, who formerly occupied it.

A receiver trying to salvage Knetzer's assets last October filed a lien on the home. He valued it at \$37,500 and said Dorothy Kelch was the owner in name only. He said Knetzer was the real owner.

PALMER RESIGNS POST

Springfield, Ill., Feb. 11—(AP)—I. A. (Jack) Palmer of West Frankfort, resigned today as assistant director in the state public works and buildings department.

Gov. Adlai E. Stevenson's office said his resignation had been accepted. A former state representative, Palmer has been with the department since 1941.

1,200 People Cut Off By Idaho Avalanches

(By The Associated Press)
The furious assault of wind, snow and cold against the nation's northwest quadrant, swirled with renewed strength on the northern plains Friday.

The attack relented in the choked mountain passes farther west where two communities, totaling some 1,200 persons, were cut off by snow avalanches Thursday.

But 70-mile winds whined across drift-weighted southeastern Wyoming. And new sub-zero winds swept south from Canada into the Dakotas, Nebraska and Minnesota. The racing gusts picked up old snow from the ground and flung it into a blinding curtain.

In spots where all snow was blown away, in western Nebraska, dust storms developed.

Expel Hungary Consul Of U.S.

Philadelphians Walk As Transit Strike Bars Travel

Philadelphia, Feb. 11—(AP)—Men and women trudged the streets of Philadelphia like a vast army of ants today as a strike of CIO transit workers choked off the main arteries of travel in the nation's third largest city.

Most of the 3,200,000 passengers who ride daily over the 1,500 miles of subway, trolley and bus lines operated in the city by the Philadelphia Transportation company lines were resourceful enough to reach their jobs.

Many were late. Some never made it. Snow-crusted streets heaped an extra hardship on the laughing, joking throngs who inched their way to town aboard slow-moving, jammed-to-capacity suburban railway trains, by foot or by flagging down the unending stream of passing autos.

But little absenteeism was reported. The strike began at one minute after midnight as 1,000 transport workers union members walked out in support of demands for a fourth round wage boost of 20 cents an hour. The PTC countered with an offer of three cents. The workers' now average from \$1.09 to \$1.63 an hour.

Negotiations were resumed 19 hours after the strike began but neither side budged from their announced wage positions. A union statement said "negotiations are deadlocked" and that it is preparing for a long strike.

Say Chinese Reds Put Restrictions On All Foreigners

Nanking, Feb. 11—(AP)—Reports seeping through the "bamboo curtain" of red China say the crackdown on foreigners has begun, even to the point of requiring church missions to give daily lessons in communism.

First reports from foreigners in communist territory, beyond the Yangtze said red official behavior was "more than correct."

These have been followed by unmistakable evidence that these rulers intend to impose the sharp restrictions on all phases of religious, journalistic and commercial life affecting foreigners.

Observers watching the turn of events in North China say they are now convinced the communists in China are preparing to follow almost exactly the Soviet pattern.

This is to drive out all foreign influence, then invite back under rigid control those foreigners—such as technicians—they find necessary to run the country.

Meat Prices Drop In Chicago Area

Chicago, Feb. 11—(AP)—"Consumers who will look around in their markets will find bargains in meat now as compared with summer peaks, last month, and even a week ago," the American Meat Institute said today.

The institute said retail prices in Chicago as compared with last summer's peak were down 32 percent on round steak, 25 percent on rib roasts, 28 percent on chuck roasts and 19 percent on hamburger. It said Chicago was "generally typical of retail prices elsewhere."

Truman Will Visit Cambridge School

Washington, Feb. 11—(AP)—The White House announced today that President Truman will visit Cambridge, Mass., April 1 to speak at a Massachusetts Institute of Technology convocation.

Former Prime Minister Winston Churchill will speak March 31 at the convocation.

The President will return to Massachusetts April 26 to receive a degree and speak at Boston College. Acceptance of the two invitations was disclosed by Eben Ayers, assistant presidential press secretary.

Nine total eclipses of the sun will be visible somewhere in the continental United States during the next 100 years.

Cause Is Red Europe Purge Of Religion

Washington, Feb. 11—(AP)—The United States today ordered the expulsion of a Hungarian diplomat, and charged that the Communist high command is driving to smash religious freedom all over eastern Europe.

Simultaneously, Great Britain issued a separate but strikingly parallel denunciation of what was termed a "concerted assault" on churches in eastern Europe.

The expulsion of John G. Florian, first secretary of the Hungarian legation, was in retaliation for the election of two American representatives from Hungary during the trial of Cardinal Mindszenty.

The state department issued a statement striking out against the impending trial of 15 Protestant religious leaders in Bulgaria.

It said the similarity between the "fantastic accusations" made against them and those against Cardinal Mindszenty "strikingly emphasizes the concerted nature of the continuing Communist assault on religious liberties in eastern Europe."

Cardinal Mindszenty was sentenced to life imprisonment on treason charges. An indictment made public in Sofia, Bulgaria, last night said 15 leaders of the United Evangelical churches are to be tried on charges of espionage for the United States and Britain.

A common element in both Hungary and Bulgaria has been the accusation by the Communist prosecution that the churchmen were guilty of various crimes against the state through cooperation with American agents. It was in connection with such charges that the Hungarian regime expelled Stephen Kozak, second secretary of the U.S. legation, and Robin E. Stauss, third secretary.

Britain Joins Denunciations
A spokesman for the British foreign office said today:

"The Communist governments of eastern Europe, having eliminated all democratic parties in their countries, now have launched a concerted assault on the churches in order to get a clear run for their Communist ideology."

Meanwhile portents of rising conflict over religion were reported in the Soviet satellite countries of Czechoslovakia and Poland—and in far off Red China.

Reports from Czechoslovakia said a new campaign is being waged against the Roman Catholic hierarchy. The state-controlled Czechoslovak news bureau told of complaints from Communist action committees that the church takes no action against priests accused of anti-state activity.

In Poland, the Bishop of Katowice has accused Polish government officials of abolishing religious teaching in some schools in southern Poland. One unconfirmed report said six to 20 priests were arrested for reading the bishop's letter of complaint.

An Associated Press dispatch from Nanking said reports seeping through the "bamboo curtain" of Red China are to the effect that church missions operated by foreigners are being required to give daily lessons in communism.

The reaction on Capitol Hill to the expulsion of Hungarian diplomat Florian was quick and enthusiastic. Senator Connally (D-Tex.), chairman of the Senate foreign relations committee, said:

"I highly approve the action of the state department."

No Charges Made
No charges were made against Florian. He was simply declared no longer acceptable to the United States.

The United States began two months ago to follow a general policy of retaliation when Americans are thrown out of iron curtain countries. Twelve Americans and Britons were named in the indictments as alleged spy contacts for the Bulgarian church officials.

However strongly Americans and millions of other people living outside the Soviet sphere may feel about such trials, it appeared there is little that can be done except issue statements — and a possible intervene through the United Nations.

Officials here said that no matter what further steps may be taken, the East-West clash over religion is helping as nothing else could to sharpen the fundamental issue of freedom. They emphasized that American leaders regard this as one of the great issues involved in the struggle between Russia and the western world.

CBS Adds Charlie, Edgar To Talent

New York Feb. 11—(AP)—The Columbia Broadcasting System today added ventriloquist Edgar Bergen and his wooden assistant, Charlie McCarthy, to its talent fold.

Starting next fall, Bergen, who had been on NBC for a decade until temporarily retiring from radio at the end of 1948, will be heard on CBS Sundays at 7 to 7:30 p.m. CST. He will be sponsored by Coca-Cola.

WEATHER

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the temperatures for Friday as follows: High, 48; low, 19; and at 6 p.m., 43. Forecast for Illinois — Fair and warmer Saturday. High 48 to 52.

LINCOLN'S LIFE IS REFUTATION OF SUPER-STATISM IDEOLOGY

The life of Abraham Lincoln, which began 140 years ago Saturday, has provoked more incredulous, baffled speculation than that of any other American. It began in his own lifetime, and it will continue far beyond the present day.

The attempts of Lincoln's contemporaries to explain him were colored by their own feelings, which ranged from worshipful sentimentality to bitter hatred and lofty contempt. They saw him through the burning issues that surrounded him. Today the ashes of those issues are cold. The bitter hatred is gone. The admiration, though perhaps more sincere, is also more temperate. But the unanswered question remains: How could he arrive at so lofty a destination from so lowly a starting point?

Genius, even of a special kind, defies analysis. So the genius that marked Lincoln's whole life—the unerring instinct, the rightness of judgment, the incomparable gift of expression—is doubly mystifying against the background in which it developed. How could a stark environment of poverty, illiteracy, rough manners and rougher language have produced so great and complex a man?

Countless hours of study and hundreds of thousands of words have been devoted to the endless ramifications of that question. And while the definite answer remains elusive, the attempts to find it have helped to affirm and strengthen our concept of government.

Lincoln's predecessors in the presidency had been either military heroes or noted statesmen or career politicians. Lincoln broke the precedent. He was an unknown from the back woods. His brief, unspectacular service in the House of Representatives had been forgotten. He had no degree from an Eastern College. To many of his countrymen he was simply an uncouth frontiersman. And he was resented, personally as well as politically, by the Southern aristocracy and many proper New Englanders.

Yet Lincoln demonstrated that the road could lead "from log cabin to White House." That route was later tramped hard by the thumping clichés of political orators. But in 1860 there were many who doubted that a man could set out upon it and reach the end with no more spectacular equipment than intelligence and integrity.

There have been no Lincolns among the others who since have traveled the same road from a humble starting point. But if another Lincoln should arise, the road is still open.

The example of Abraham Lincoln and his supporters remains strong today in a world haunted by super-statism. We live in a country where an uncommon man may achieve leadership of the common people not by force, but by the free choice of fellow citizens who recognize in him a neighbor and a kindred spirit.

Carrollton High School Has Busy Week Of Activities

Carrollton—The scene changes at the Carrollton public school as often and almost as abruptly as at the St. Louis arena. Tuesday through Friday of last week the gymnasium was overcrowded with basketball enthusiasts enjoying the annual Greene county tournament. Saturday, poultry and small grain took over and the place looked like a section of the State Fair, with about 150 farm boys representing 16 schools and seven counties competing in a judging contest.

This week the building is again in continuous use. Monday the Dale Carnegie Speech class, three veteran classes, the Greene County Teachers Association meeting and an independent basketball game made up a full program. Tuesday, the gymnasium was used all day for a clinic for crippled children and this was followed by a basketball game at night while more veterans classes occupied other rooms in the building. Wednesday and Thursday nights St. John's high school had basketball games in the school building and Friday night the Carrollton high school team meets the Roodhouse Railroaders.

Saturday will not be a day of rest for the school because the American Legion is presenting a "Donkey Show" both afternoon and night.

VACATIONING IN TEXAS

Mr. and Mrs. M. H. Abbott, 708 West College avenue, are spending a two weeks vacation in San Antonio, Texas.

Wesley Chapel Methodist church. W. Brook Martin, Pastor. Morning worship 10:00 a. m., Sabbath school 11:00 a. m., Donald Richardson, superintendent. Choir Practice will be announced.

Riggston Methodist church. W. Brook Martin, Pastor. Sabbath school 10:00 a. m., Mrs. Roy Coultas, superintendent. Morning worship 11:00 a. m.

Ebenezer Methodist church. W. Brook Martin, Pastor. Sabbath school 10:00 a. m., John Hadden, superintendent; evening worship 7:00 p. m.

Grace Methodist church. Rev. Frank Marston, Minister. James Welch, Minister of Music. Miss Jean Patterson at the organ. Church school 9:30; John L. Conant, supt. Music by the orchestra. Junior church at 10:45, directed by Mr. and Mrs. Paul Blakeman. Picture sermon, "Jairus' Daughter." Piano solo by Gerald Samples. Morning worship service at 10:45 with sermon in the interest of youth, by the pastor. "Youth Looks at Science, Religion, and Marriage." The choir will sing "A Prayer for Wisdom" by Bortnianski and James Welch will sing "God Shall Wipe Away All Tears" by Peery. After the morning service, the members of the MYF will have lunch in the church dining room, followed by their regular meeting and fellowship hour, under the direction of Mr. and Mrs. Charles Williamson. At 5 o'clock the Junior Youth Fellowship will meet in the chapel, directed by Miss Jeannette Lane. At 6:00 o'clock, the Couples' Class will entertain the Couples' Class of the Central Christian church at a pot-luck supper in the church dining rooms.

Boyle's Column

Kate Smith—Big Sister To Those In Distress

By Hal Boyle
New York—(P)—Nobody loves a fat man, but America's number one "pitch lady"—Kate Smith—is still proving a plump girl can get along in the world without counting her calories.

For 18 years come next May 1st—her fortieth birthday—the moon has been coming over the mountain for big-hearted Katie.

It has been a full, round, golden moon—both for Katie and for radio. In her 18 years at the top she is estimated to have grossed \$15,000,000—a mark equalled by few entertainers. She and her longtime partner-manager, Ted Collins, the well-known philanthropist of professional football, are reported to share \$10,000 to \$12,000 a week even now.

But a big income alone doesn't explain a big girl like Kate. She's grown with the times.

Pitches Philosophy Now
Eighteen years ago she was merely a fresh new, meow centralio voice over the air waves. Today she is also a fairly strident contralto opinion.

For Katie doesn't just pitch tunes anymore. She now pitches homespun philosophy. She pitches for causes, too—the Red Cross, the Army Nursing Corps, Better Treatment of Veterans. She also pitches against things—like the 20 per cent luxury tax on baby powder, heart disease and racial intolerance.

Kate likes her role as a kind of poor woman's Dorothy Thompson. She enjoys her talking program as much as she does singing. It excites her.

"I consider my work fun," she said, thumping the desk of her manager with a vigorous fist. "I love it. There is something new about it every day. If I had nothing but idle time on my hands I'd be a miserable woman."

Makes 60 Records Yearly
There is little likelihood of her ever being idle. She writes two magazine columns on cooking and makes an average of 60 phonograph records a year.

She lives in a two-terrace apartment on lower Park Avenue with her elderly Cocker Spaniel, Freckles. Kate differs from her fellow en-

tertainers in that she doesn't associate much with members of her own profession.

"Some call me high hat for that," she said frankly. "But I found long ago, when I first got started, that some were trying to use me as a chump. So I decided it was wiser to pick my friends outside my own field."

Like any fat girl who was kidded in her youth for being overweight, Kate is still sensitive. But today she realizes fully that her stoutness is a capital asset. And the hurt helped her portray her life's role—the congenial warm-hearted, big sister of everybody in distress.

County Federation Officer Attends Orleans Meeting

Mrs. E. H. Sheppard, president of the Morgan County Federation of Women's Clubs, was a guest at the meeting of the Orleans Women's Country club held at Hamilton Cafe, with Mrs. Dorothy Negus as hostess.

Mrs. Sheppard spoke briefly, stressing the importance of having all club reports to federation chairman by the appointed time. She urged the officers of the club to attend the district board meeting, which is to be held at the Dunlap hotel on Friday, March 7. She announced the district convention to be held at Petersburg on April 6.

The business session was presided over by the vice president, Mrs. Wayne Kinnett, acting in the absence of the president. The program was presented by Mrs. Negus, district motion pictures chairman, who recommended films suitable for the entire family and also gave sketches of screen personalities.

"Current Events" was the topic for roll call. Refreshments were served, carrying out a Valentine motif. The next meeting will be held Feb. 22, at Hamilton's, with Mrs. Helen Bates as hostess.

Miss Shirley Lewis To Give Faculty Recital Sunday

Miss Shirley Lewis, pianist, of the MacMurray music department, will give a faculty recital Sunday afternoon, February 13, at four o'clock in Music Hall. The recital will be open to the public.

MISS SHIRLEY LEWIS

Miss Lewis will open her program with the French Suite in E Major by J. S. Bach. The suite consists of eight short dance movements in the style popular in Bach's time. This will be followed by Beethoven's Sonata Op. 31 No. 2 in D minor, in three movements. Beethoven himself had a special preference for this Sonata, and frequently played it in public. The next group consists of two im-

promptus by Schubert, Nos. 3 and 4 from Op. 142. The first is a set of variations on a theme in B flat major, while the second is a scherzando in F minor. The concluding group is made up of three pieces from Debussy's "Children's Corner," which he wrote for his young daughter.

New York Movies Shown To Rotary

Local Rotarians enjoyed a film about the city of New York which was shown during the regular club meeting Friday noon. The film was shown in connection with the Rotary International convention which will be held in New York this spring. Thomas Kline was program chairman for the day.

Births

Mr. and Mrs. Ira Gentry of Virginia are parents of a son born Thursday at 9:32 a. m. at Our Saviour's hospital. The weight was seven pounds, two and one half ounces. Mr. and Mrs. John P. Bossarte, 923 Edgemoor road, are parents of a daughter weighing six pounds, seven and one-fourth ounces, born Friday at 3:50 a. m. at Our Saviour's hospital.

Alfred L. Hayden Dies Suddenly In Los Angeles

Alfred L. Hayden, a former resident of this city, died suddenly Thursday in Los Angeles, Calif., where he had been residing since 1912.

Mr. Hayden was born in Jacksonville on Dec. 4, 1898, the son of Arthur J. and Mary Bennington Hayden. While here, he attended the Jacksonville public schools.

Surviving are his mother, Mrs. Arthur Hayden of Los Angeles, with whom he made his home; a brother, Buford Hayden of Hutchinson, Kans.; and one sister, Mrs. Frank Moxon of this city.

His father preceded him in death in 1914.

Mr. Hayden was engaged in the jewelry manufacturing business in

Making a Light Turn

A new plastic "light pipe," as flexible as garden hose, that can be used to turn corners with beams of light has been developed at the Westinghouse Research Laboratories, Pittsburgh, Pa. Here the plastic tube makes a U-turn to throw a beam of light on Dr. Richard C. Hitchcock's face. The two-inch thick tube can even be twisted into a knot and still conduct light.

Patterson Pupils Arrange Party For Teacher

Patterson—The boys and girls in the seventh and eighth grades, with the help of Janitor Hulbert Brown, planned and carried out a very successful surprise party, Wednesday, Feb. 9, in honor of the teacher, Mrs. Olive Cotter. Mrs. Cotter was taken up stairs at noon by the girls, where Mr. Brown and the boys were waiting with the lunch ready.

The menu consisted of wiener sandwiches, soda pop and cup cakes baked by the girls.

Miss Lucille Dawdy, primary teacher, and Miss Ella Black, intermediate teacher, also attended.

The lower grades enjoyed the cup cakes which were left over.

March of Dimes

Mrs. Mildred McEvers, local chairman for the March of Dimes, has announced that collections totaling \$29.02 have been mailed to County Chairman Dwight Coonrod, Carrollton. These collections were taken with the help of the school and in containers which were placed in the business places. The chairman expressed appreciation for all help and donations for this worthy cause.

Patterson News

Ernest Carriger of Springfield spent Monday with his parents, Mr. and Mrs. Charles Carriger.

Mr. and Mrs. Billie McCarthy of White Hall and Linda Dawdy were Monday evening supper guests of Mr. and Mrs. Perry Dawdy. The event honored the birthday of Mrs. McCarthy.

Mrs. Martin Callender and little grandson, who is visiting here from Greenfield, spent Wednesday in White Hall with Mr. and Mrs. Ed DeShasler.

Mrs. Minerva Coker, Mrs. Leslie Sorrells and Mrs. Guy Sorrells spent Monday with the Lovelace family.

Mrs. Lora Fry has been visiting since Saturday with relatives in White Hall.

Mr. and Mrs. Lewis Bain and daughter, Judy, of Jerseyville visited Wednesday with his mother, Mrs. Cora Bain.

Mr. and Mrs. Beal Cotter were Wednesday night supper guests of Mrs. Cora Bain.

Blind Man Now Promising Sculptor

Arthur Schneider was blinded by a Russian bullet during the war. Now 35, he has developed into one of Germany's most promising primitive sculptors by working on a hobby he picked up after being wounded. In his Oberammergau, Bavaria, studio, he shows some of the remarkably lifelike animals he's created out of plaster. (Photo by NEA-Acme staff correspondent Gerhard P. Seinig.)

Murrayville Home Bureau Meets At Pahlmann Home

Murrayville — The Murrayville Home Bureau held its regular monthly meeting Tuesday at the country home of Mrs. Fred Pahlmann, with 15 members present.

Mrs. William Reiser, chairman, presided. Mrs. Mildred Seeman, home adviser, and Mrs. Russell Summers presented the major and minor lessons. Mrs. Rawlins of Roodhouse and Mrs. Schuessler were guests.

Mrs. Cary Andras will be hostess at the next meeting, Wednesday, March 23.

Mrs. Earl Wright, Mrs. William Andras and Mrs. Francis Langdon, a guest, were awarded the prizes at a meeting of the Murrayville Bridge club Monday evening at the residence of Mrs. Lyndall Symons.

Methodist Church At Concord Plans Birthday Social

The quarterly birthday social of the Methodist church of Concord will be held at the church on Sunday, February 13, at 7 p.m. All members and friends are cordially invited.

The program will feature a presentation of pictures showing life in Korea by Ben Grote. Several members of the Youth Department of the church will sing.

Members of the program committee are Mrs. Velva Beddingsfield, Mrs. Beulah Carter, and Mrs. Harold Strickler. Those who attend are asked to bring sandwiches or cookies.

Latins Take Health By Air

New York—(P)—Latin Americans apparently prefer good health to good style—but not by much.

Penicillin, duracillin and streptomycin, the new wonder drugs, made up 40 percent of the volume of all air freight carried during 1948 on regularly scheduled flights of one line between New York, Washington and Havana, Panama, Lima and Santiago, according to George Braender, cargo sales manager for Peruvian International Airways. But running a very close second, with 35 per cent, was women's ready-to-wear apparel.

Among the unusual items of cargo transported southward were a 160-pound champion Irish wolfhound, golden finches, motorcycles, photo-finish cameras, bubble gum and large quantities of Russian caviar—without which no Latin American "reception" is complete.

SPAIN REBUILDS MERCHANT FLEET

Madrid — (P) — The Spanish merchant fleet has been built back almost to its pre-Civil War strength during the past four years.

According to official statistics, the Spanish merchant marine comprises 1,250 ships of all types, totaling 1,119,413 gross tons.

The highest pre-Civil War figure was nearly 1,200,000 tons in 1932, while the lowest was 1,010,235 tons in 1944.

The present figures include 394 steam-propelled ships with a total tonnage of 769,869, 88 motorships of 199,639 tons, 113 mixed sail and motor vessels of 21,236 tons and 29 sailing vessels of 4,953 tons.

G-LAC LEADS THE FIELD IN MASTITIS TREATMENT

Due to its quick action and slow absorption properties, G-LAC (Tyrothricin) cures up to 95% of Mastitis due to Streptococcus agalactiae.

Easily administered directly into the teat canal, it soon stops dreaded infection found in 1 out of 4 cows.

Use in dry and lactating cows. Ask us about the Beebe Testing Service. Free test pads supplied on application.

Valentines Take
2 Cent Stamps
For Third Class

What's the use of mailing a Valentine to the fair lady if she doesn't receive it? Better be certain that sufficient postage is on the envelope before dropping it into the box.

Assistant Postmaster Philip Day warned Friday that a large number of Valentine-senders will be disap-

pointed if they do not attach a 2 cent stamp to Valentine envelopes which are not sealed. The old postal rate of 11 cent stamp for third class material went out of effect Jan. 1, and the rate now is 2 cents.

Valentine senders should also remember that envelopes smaller than 3 by 4 inches also require 3 cent postage. A three cent rate applies to envelopes that exceed 9 by 12 inches, even though they are third class.

Before mailing Valentines it would be best to check up on the exact amount of postage. Then no one will be disappointed, and the dead letter office won't have to bother with a beautiful sentiment that didn't click because it didn't reach the proper destination.

R. A. Bullington
Will Speak In
New York City

Robert A. Bullington, assistant professor of science at MacMurray college, left Friday for New York to attend the meeting of the National Association for Research in Science Teaching, in the Hotel McAlpin Feb. 13, 14, and 15.

The association has invited Mr. Bullington to present a portion of his doctoral thesis, the research for which was sponsored by a committee of the American Association for the Advancement of Science. The paper is entitled "A Study of Science in General Education at the College Level."

Heads Division

JOHN BELLATTI

Robert E. Spink, chairman of the 1949 Red Cross campaign for funds, has announced the appointment of John Bellatti as chairman of the public information division of the drive.

A member of the law firm of Bellatti, Arnold and Fay, Mr. Bellatti attended the local schools and was graduated from Illinois College, after which he attended Harvard Law school. He is a veteran of World War II, having served four years in the U. S. Navy.

He is active in the Junior Chamber of Commerce and the Elks club.

TINY NEW LENS FOR EYES
HELD IN PLACE BY TEARS

By DORETTA SALISBURY

NEA Staff Correspondent

Los Angeles —(NEA)— The lucite that made the bubble turrets of combat aircraft is now being turned into a sort of bubble turret for the poor-eyed public.

It is the material from which tiny new plastic lenses, covering only the cornea of the eye, are being produced. Although they were considered in the stage of "active research" until a few weeks ago, the corneal lenses may some day make contact lenses obsolete.

The lens caps only the colored part of the eye, and is held in place by natural capillary attraction. There is no flange to fit the eyeball, and no auxiliary fluid needed.

Nor do they flip out with a hearty slap on the back or a sly wink. Tears, just tears, hold them in. They are visible only to the expert.

Many ophthalmologists who have seen them say the new corneal lenses promise the most nearly perfect possible physical correction.

Kevin Tuohy, 30-year-old Los Angeles inventor who has worn his miniature contacts for more than a year, conceived the idea little more than two years ago. His wife, Marta, has discarded her own glasses to go along with her husband. They both see 20-20 (with their new "eyes") and, to date, have no complaints. They even wear them in swimming.

So far, Tuohy says, 750 cases are wearing the corneal lenses successfully, all of them still under close observation.

Most of these have been young persons—18 to 35 years—who disliked wearing glasses enough to go through the process of a fitting.

Prescription is made from ophthalmometric measurement. The first time anything comes in contact with the eye is when the lenses are tried on. The corneals are worn only

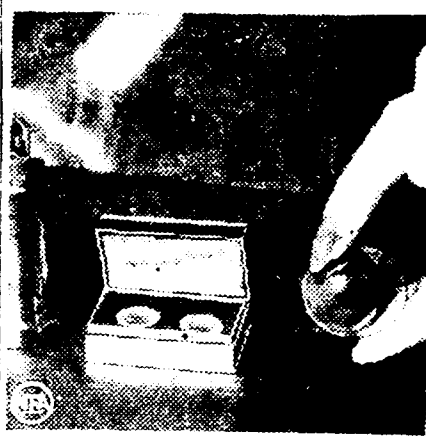

Inventor Kevin Tuohy peers around a sheet of lucite from which he makes the corneal lenses he also wears in his eyes.

20 minutes the first day, with daily increases until in about a month they may be worn all day.

An obvious drawback, of course, is the cost. In comparison to the conventional correction, the new lenses are expensive. Until manufacture becomes more production-line and the highly specialized training necessary for doctors to prescribe and fit becomes more widespread, the average myopic will have to dig somewhat deep to afford them.

Barring possibility of losing them, because of their diminutive size, the lenses are expected to last about five years for most wearers. Tiny scratches or blemishes from handling are compensated by a fill of tears.

Intensive experimentation and research is continuing at the Los Angeles College of Medical Evangelists, of which Tuohy has been a staff member since 1940, and at the White Memorial Hospital of Los Angeles, which has also figured prominently in the development.

Corneal lenses (center) are smaller than contact lenses (right) and fit in a lipstick-sized box when not in use.

RED CIRCUS GETS GAVEL

Judge Medina Cracks Whip as Communies Try To Make a Carnival Out of Conspiracy Trial

By S. Burton Heath
NEA Staff Correspondent

New York—(NEA)—The nation's 11 top Communists scoured the United States to get lawyers who are clever at making public circuses out of criminal trials. That array of eminent barristers set out, with all their skill, to break up the trial of their clients in Federal District Court.

But both lay and legal observers have a feeling that the Reds' counsel has met its match in a dapper, jovial chap named Harold R. Medina—newest judge on the Federal bench in the New York district. Presumably by the luck of the draw, he is presiding over what may prove one of the most famous trials in court history—the "conspiracy to overthrow" case against the big-wigs of U.S. Communism.

Judges of American courts seldom impress their personalities permanently on public consciousness. Maybe Harold Medina will be forgotten soon. But his friends think that already he has demonstrated a courtroom personality that will project itself even above the vituperative uproar that defense counsel are creating.

In the trial preliminaries Judge Medina's usually good-natured remarks have been getting better news than the calculated histrionics of such actors as Harry Sachar of New York, Richard Gladstein of San Francisco, Louis F. McCabe of Philadelphia.

Thus far Medina has given defense counsel full opportunity to state and argue their objections to the trial, the jury panel, the judge, the police, the indictment and a lot of other things. He has shown great patience. But he has shown ability to crack down when he sees fit.

"That's the most absurd thing I ever heard of," he told Gladstein after one argument.

"I don't like that crack," he remarked colloquially on another occasion. "I'm going to decide these motions as best I can with the light God gave me."

And once, when he felt that the Reds' counsel was going too far, Judge Medina's cheeks paled and he said sharply:

"Don't you think it might be well to defer to the court's wishes in this matter? I don't want to be unpleasant."

To the amazement of those familiar with the lawyers he addressed, they shut up.

Medina has been on the bench only 18 months, after a long career as trial lawyer, teacher and reformer. Born in Brooklyn, he will be 61 on Feb. 16. He is just under six feet, well built but not heavy, dapper in a conservative way, quick spoken and always ready for a joke or a gag.

In the trial preliminaries the Reds' lawyers showered invective on everything connected with this trial, in an attempt to have it called off or postponed. For the most part, Judge Medina has preserved a half-bored, half-fatherly attitude. He has denied every filibustering motion, but refused to be goaded into words or actions that might be used to convince appeals courts that the

Judge Harold F. Medina: "I don't want to be unpleasant."

trial was prejudiced.

"This is not a spectacle," he remarked at one time. "This is a trial of law." In spite of all the shouting and gesticulating, the tear-streaming eyes, the bitter words, thus far the trial has been less of a circus than most observers expected it would be made.

Defense counsel protested vigorously the guard of some 400 cops thrown around the Court House and vicinity by the City, and defended the right of Communists and sympathizers to picket the building Medina told them:

"I don't intend to fight my way through a crowd of booing and hissing individuals without some police protection."

After listening to long arguments against the method by which jury panels are selected, the judge remarked:

"Any exclusion of any class or race would shock me."

When a lawyer asked "How does it happen that you never heard of these things?" Judge Medina grinned, and said: "I guess it must have been a conspiracy."

One lawyer thought he had the judge in a hole. He recalled that once, as an attorney, Medina argued before the Supreme Court against the jury-selecting system the Reds are attacking. "I thought you were a starry-eyed reformer, filled with zeal against an unjust system," another defense lawyer chimed in. "You know," Medina retorted amiably but finally, "I got licked in that case."

Festivals Galore Await Illinoisans This Summer

Chicago, Feb. 11—(AP)—Illinoisans can take their pick of celebrations and festivals this summer. They include sports, milk, soybeans, beef, hogs and pancakes.

The state Chamber of Commerce has compiled a special calendar of these events.

One of the biggest, expected to draw 1,000,000 paid customers, is the Illinois State Fair at Springfield Aug. 12-20. Another is the second summer of the Chicago Railroad Fair, expected to draw about 2,500,000 June 25-Oct. 2. Another 500,000 or so will attend the International Live Stock Exposition here Nov. 26-Dec. 5.

Industries Reflected

Local industries are reflected in downtown festivals. Nauvoo, for instance, will toast its vineyards in a grape festival Sept. 16-18. Metropolis and Centralia will have peach festivals in August. Kewanee will have hog days Sept. 23-24. Monmouth plans a beef festival Sept. 15. Geneseo will have a baby beef show Sept. 30.

Two cities will observe milk day—Harvard June 9 and McLeansboro in September. Litchfield will have dairy day in August.

Sweet Corn Festival

Hopston will celebrate its claim as the world's largest sweet corn canning center with a national sweet corn festival in September. Carmi, Streator and Mendota have set aside days in October to honor King Corn. Soybeans will be celebrated with an October festival in Taylorville. Villa Grove will hold a pancake festival in October.

The Salem Chamber of Commerce says about 300,000 will attend the Marion county soldiers and sailors reunion July 25-30. About 30,000 are expected at the annual Indian powwow at Blackhawk state park, where ceremonial dances will be Sept. 3-5.

The state's outstanding religious pageants, the Passion Plays at Zion and Bloomington, will begin their Sunday performances in April.

One-Family Home Building May Be Halted

Washington, Feb. 11—(AP)—Housing Expediter Tighe E. Woods proposed today a temporary halt to single-family home building and a switch to mass housing for solution of shelter shortage.

He testified before the Senate House Economics Committee which had just heard evidence of a slight turn toward lower construction costs.

Raymond M. Foley, housing and home finance administrator, reviewed building cost rises since the war and concluded:

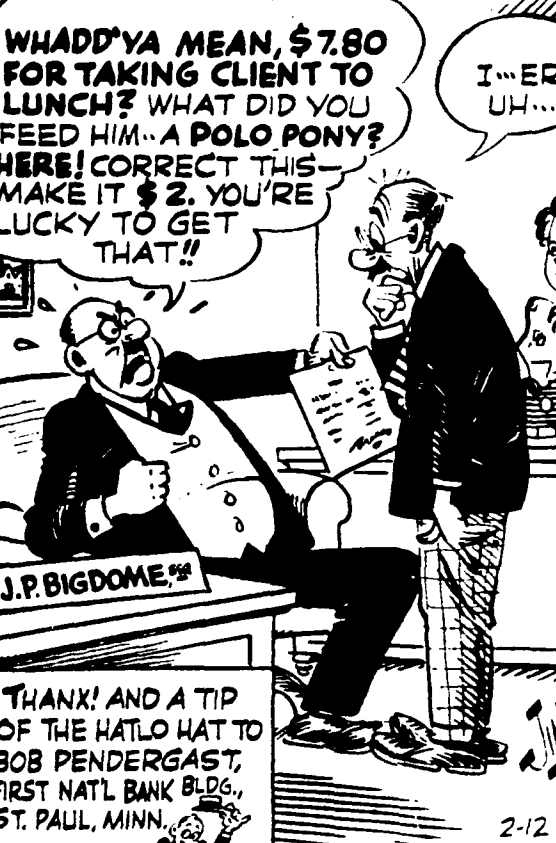

"There is some evidence that construction costs may be stabilizing and that a turning point may have been reached."

Woods, following Foley to the stand, told the committee multiple apartment construction is both cheaper and faster. He went on:

"If our total supply of manpower and building materials cannot be expanded rapidly enough to produce more than 1,000,000 units a year, then I would recommend temporarily the deliberate discouragement of the construction of single family units for sale."

Social Events

Brooklyn Society To Serve Banquet Feb. 16

Members of the Brooklyn church W.S.C.S. attended an interesting meeting Wednesday afternoon at the church.

The worship service was led by Mrs. Ida Benson, after which Mrs. Martha Bossart presented a program on Hawaii. Her talk was followed by a round table discussion.

Rev. C. W. Leonard spoke on the Methodist advance movement.

The society discussed plans for serving a Father and Son banquet at the church on Wednesday, Feb. 16.

Mrs. C. W. Leonard, missionary secretary, presented an article on "Spiritual," "Iris," "Without a Song," "Methodism In Mexico Business," "Danny Boy" and "A Lying Little

Mrs. Benson, youth secretary, gave Daisy." The piano selection was a report of the study of David Livingstone in F. Minor.

During the business session, presided over by the president, Marjorie Graves, a nominating committee, consisting of Jo Davis, chairman, Helen Heavener, Phyllis Crowcroft, Marjorie Clark and Margaret Sandage, was appointed.

Seventy-one members and two guests, Mrs. Ralph Thomson and Mrs. Grace Lippert, were present. Hostesses were Betty Husted, Margaret Sandage, Ruth Watson, Marge Heiss and Barbara Eades.

Members of the Concord Junior Woman's club were guests of the Jacksonville Junior Woman's club at its meeting held Thursday evening March 10.

Miss Virginia Vaughn and Miss Margaret Harney of MacMurray college entertained with a musical program. The vocal selections included "Norwegian Folk Song," "Negro church Sunday morning at 11 o'clock."

Dr. Clarence P. McClelland, president of MacMurray College, will preach at the Ashland Methodist church Sunday morning at 11 o'clock.

ADVERTISE-IT PAYS

Student Nurses Entertained By Ministers' Group

Members of the Jacksonville Ministerial association and their wives entertained the student nurses of Margaret Bolino, Miss Betty McKay, Passavant Memorial Hospital School of Nursing at a dinner given in the parlors of the Congregational church. The dinner was served by women of the Congregational church. The evening was spent in games of various kinds.

The students were Miss Gloria Beard, Miss Velma Alhorn, Mrs. Ruby Bacon, Miss Margaret Garrett, Miss Audrey Batley, Miss Doris Hays, Miss Clara Ridgway, Miss Joyce Meristerial association and their wives riman, Miss Katherine Miner, Miss Margaret Bolino, Miss Betty McKay, Miss Rosalie Orris, Miss Cecile Rod of Nursing at a dinner given in the parlors and Mrs. Florence Gouliard.

SETTING A NEW WORLD STANDARD OF LOW-COST MOTORING

Yes, this smoother-lined, smarter-lined
CHEVROLET
is the most Beautiful BUY of all

...from every point of view and on every point of value!

Have you noticed how every eye follows this new Chevrolet as it sweeps past on street or highway... and how men and women everywhere are saying it's the most beautiful buy of all for this new motor car year?

That people regard this new Chevrolet as the most beautiful buy for styling is obvious. But their preference is based on something even deeper and stronger than admiration for the smarter appearance of its new Beauty-Leader

Bodies by Fisher. You'll find they're also agreed it's the most beautiful buy for comfort, for driving ease and riding ease, for performance and safety—and for all-round value—because it alone gives so many features of the most expensive cars at the lowest prices and with the substantial savings on gas, oil and upkeep which owners have always enjoyed in Chevrolet!

Come, see this newest of all new cars; weigh its many exclusive features and advantages; and you'll agree it's the most beautiful buy of all, from every point of view and on every point of value!

CHEVROLET
is the only car bringing you all these fine-car advantages at lowest cost!

The Most Beautiful BUY for STYLING
Chevrolet's Leader-Line Styling is lower, wider, racier... the most beautiful development of the new "functional form" for motor cars... with new Beauty-Leader Bodies by Fisher that are true masterpieces by the master builder of fine coachcraft, in styling, in fixtures and fabrics, and in alluring color harmonies.

The Most Beautiful BUY for COMFORT
The new Chevrolets have Super-Size Interiors with plenty of head, leg and elbowroom; new Panorama Visibility with wide curved windshield and more window area all around, permitting you to see all and enjoy all; extra-luxurious, extra-comfortable "Five-Foot Seats"; and giant luggage space in the rear decks. Moreover, these are "cars that breathe", for a highly-efficient heating and ventilating system inhales outside air, exhausts stale air and keeps glass clear in all weather. *(Heater and defroster units optional at extra cost.)

The Most Beautiful BUY for RIDING AND DRIVING EASE with NEW CENTER-POINT DESIGN
New Center-Point Design, a vital 4-way engineering advance exclusive to Chevrolet in its field, and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension gives the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. In addition, a new, even finer Unitized Kne-Action Ride with direct-acting airplane type shock absorbers and extra-low pressure tires—imparts a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Remember—only new Center-Point Design can give you these finer motoring results; and only the new Chevrolet brings you Center-Point Design at lowest cost!

The Most Beautiful BUY for PERFORMANCE WITH ECONOMY
The famous Chevrolet Valve-in-Head Engine gives a world of power, acceleration, smoothness and dependability... together with all of Chevrolet's remarkable economy of operation and upkeep... and this is the world's champion engine, mind you, for it has delivered more miles of satisfaction, to more owners, over a longer period, than any other power-plant built today.

The Most Beautiful BUY for ALL-ROUND SAFETY
Here's the safest safety protection found in no other low-priced car: (1) New Carti-Safe Hydraulic Brakes providing even faster stops with safety; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panorama Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the extra-smooth, extra-safe Unitized Kne-Action Ride. Yes, only the new Chevrolet brings you all these advantages at lowest cost; and that's why it's the most beautiful buy of all, from every point of view and on every point of value.

ADVENTURE...
That's Scouting!
BOY SCOUT WEEK
FEBRUARY 6th to 12th

Growing boys are always looking for adventure.... Through the leadership of Scouting..... their adventures will keep them "physically strong, mentally awake and morally straight." The Scouts of today are the promise of a bright future for our community tomorrow.

On this occasion, the 39th anniversary of their founding, to the Boy Scouts of America "happy adventures in Scouting" from.....
